Proceedings of the Madras Government, Revenue Department, 19th July 1862.

No. 249. Read the following Proceedings of the Board of Revenue, dated 25th June 1862, No. 4,076:—

Read Proceedings of the Madras Government, Revenue Department, dated 3rd June 1862, No. 1,220.

(In Cons. 4th June 1862, No. 3,411.)

1. The Board observe that their orders in question were in accordance with the principle of the Order of Government, dated 8th July 1861, No. 1,362, sanctioning the appropriation of the sale proceeds of the fragments of these old guns to local purposes, which Order was communicated at the time to the Account Department.

2. The charges for destroying the guns are borne by the Local Funds, and the sale proceeds of the fragments are credited to the same fund.

3. The guns in question were, it is believed, principally old native pieces, which have continued in the forts since the date of their capture or surrender in the last century, and which are utterly valueless except as old iron. The Board see no reason why the course sanctioned by Government should be abandoned.

No. 250. ORDER THEREON, 19th July 1862, No. 1,551.

1. The Government concur in the opinion expressed by the Board of Revenue that the amount realized by the sale of the broken pieces of cannon referred to, should be treated as a "Local Fund" receipt, as it appears that these guns were principally old native pieces, which were found in the forts when they were captured, and which cannot therefore have been paid for by the State as supposed by the Accountant General.

2. The suggestion of the Accountant General that his Office be made the medium of communication between the Board and the District Treasury Officers in all matters affecting their Treasury returns is so far approved, that the Government direct that in all such matters the Board shall consult the Accountant General before issuing orders. Differences of opinion, if any should arise, will be submitted for the decision of Government.
