Proceedings of the Madras Government, Revenue Department, 19th July 1862.

No. 251. Read the following letter from H. A. MANGLES, Esq., Acting Accountant General, to A. J. ARBUTHNOT, Esq., Acting Chief Secretary to Government, dated Fort Saint George, 7th July 1862, No. 94:—

SIR,

1. With reference to the Proceedings of the Madras Government, dated 2nd instant, Revenue Department, No. 1,436, I have the honor to state, that, under the Orders of the Government of India marginally quoted, the original Budget allotment cannot be transferred from Land Revenue to Salt, charges without the sanction of the Supreme Government, as they are major Budget heads, or Departments of service to which specific sums will be appropriated with reference to the amounts already intered in the Budget Estimate submitted to that Government.

Dated Fort William, Financial Department, 8th May 1861.

2. In order to avoid a reference on the subject to the Government of India, I would beg to suggest that the difference, Rupees 9,000, between the amount originally provided under Land Revenue charges and the revised allotment, be met from the savings under the minor head "Inám Commission," subordinate to Land Revenue charges, under which a sum of Rupees 63,330 has been provided on account of salaries of Deputy Collectors, but whose services are now being gradually dispensed with in the Inám Commission Department.

No. 252. ORDER THEREON, 19th July 1862, No. 1,552.

The Budget for 1862-63 provided for the full pay of all the 47 Deputy Collectors exclusive of the Deputy Collector of Sea Customs, amounting to Rupees 2,26,200,* but the sum was divided between the two heads of Land Revenue and Salt in the proportions noted in the margin.† The revised allotment made in the Order of Government dated 2nd July 1862, No. 1,436, and rendered necessary by the recent re-arrangement‡ of the number and classes of these Officers, required the transfer of Rupees 9,000§ from Salt to Land Revenue, but the Accountant General in his letter above recorded states that this transfer from one major head to another cannot be made without the sanction of the Government of India, and suggests that the difference may be taken from "Inám Commission," a head subordinate to Land Revenue charges, as a large saving will occur under that item by the gradual withdrawal of the Deputy Collectors employed under the Commissioner. This suggestion is approved.

the Accountt General in his
