Proceedings of the Madras Government, Revenue Department, 21st July 1862.

No. 273. Read the following Proceedings of the Board of Revenue, dated 12th July 1862, No. 4,500:—

Read Proceedings of the Madras Government, dated 10th May 1862, No. 1,040.

(In Cons: 12th May 1862, No. 2,862.)

1. In the foregoing Order, Government referred for the report of the Board a letter from the Officiating Secretary to the Government of India, requesting a revision of the Estimates for the year 1862-63, under the head of Income Tax Establishments in consequence of the abolition of the 2 per cent. tax on all incomes below 500 Rupees per annum from 1st August next. A Circular was accordingly issued to the Collectors calling for their opinion on the point, and their replies having been received, the Board resolve to submit the report called for.

2. In their Proceedings, dated 2nd April 1862, No. 2,143, the Board revised the Income Tax Establishments with reference to the reduced amount of work in that Department, and proposed Establishments to cost Rupees 2,412 per month, or Rupees 28,944 per annum, in lieu of those previously entertained, and costing Rupees 3,084 per mensem, or Rupees 37,008 per annum. In their Order, dated 28th April 1862, No. 913, Government sanctioned the Establishments proposed by the Board with the exception of three Clerks for Deputy Collectors, and the new scale was ordered to be introduced from 1st May 1862.

3. In reply to the present call, the Collectors of the Districts noted in the margin* state that no further reduction is practicable in the Establishments lately sanctioned. The Collectors of Vizagapatam and South Canara consider that for their Districts one Clerk on 50 Rupees pay will be sufficient. The Collector of the former District requires also 14 Peons for the Sub-Magistrates in the Zamíndári stations. The Collectors of the Districts noted in the margin† would dispense with the Clerk for their Sub-Collectors, and the Collectors of the remaining Districts suggest the following changes in the Establishments lately sanctioned:—

* Godavery. Kistna. Kurnool. Madras. Trichinopoly. Coimbatore. Salem.

† Ganjam. Vizagapatam. Cuddapah. Tanjore. Tinnevelly. Malabar.

4. The Board are of opinion that as there will be in future but few assessments to bemade, the Collectors, Sub-Collectors, &c., can carry on the work without difficulty with their ordinary Establishments. A responsible Clerk at the Hoozoor to take charge of the records, and to whom reference may be made by the subordinate Officers for any papers required, seems to be all that can be required. His pay should not be less than 70 Rupees per mensem. It will not be necessary for the Sub-Collectors, Assistants, or Deputy Collectors to keep any records after the assessments have been made, and the Board do not see that there is sufficient work for the one Clerk in the Income Tax Department in the Sub-divisions for which some of the Collectors have applied.

5. For the Zamíndári Districts some Establishments would be necessary for collecting the Income tax; but only the Collectors of North Arcot and Madura have applied for any such aid, and the Collector of Nellore states that he does not need any Establishment for the Zamíndáris in his District. The Collector of Bellary requires a Gúmashta and Peon for the large town of Adoni which may be allowed.

6. The Collector of Madura requires two additional Clerks for his Kacheri, the work in his Office on account of the assessed in the Zamíndáris of Shevagunga and Ramnad being very extensive. These Zamíndáris are the head quarters of the Nauttukotta Chetties, the most wealthy merchants in the Presidency. The Managers of these Estates, who were entrusted with the collection of the tax, do not require the number of Gumáshtas recen tly sanctioned, and the Collector proposes an Establishment of Rupees 210 per month in lieu of that sanctioned at a cost of Rupees 227. Under the peculiar circumstances brought to notice, the Board are of opinion that this request should for the most part be complied with, but an Attender on Rupees 5 as proposed is unnecessary.

7. The Board resolve to recommend the following Establishments for the several Districts of this Presidency:—

		Rs.	Rs.

	14 Peons for the Sub-Magistrate in the Zamíndári stations at 6 Rupees each...	84	154

The result is a decrease of Rupees 665 on the Establishment recently sanctioned, and of Rupees 1,397 on that maintained up to 1st May 1862; the Board request that the Establishment now recommended may receive the early sanction of Government, to allow of its being introduced from 1st August next.

8. In the Budget Estimate for 1862-63, a sum of Rupees 45,600 has been provided on account of the Income Tax Establishment of the nineteen Districts at the rate of 200 Rupees monthly for each District, but a considerable reduction having been made, the estimate may be revised by inserting a sum of Rupees 23,636 as per particulars shown below:—

Special provision is made for the Districts noted marginally,* while for the other fifteen districts the only increase to the Collectors' Establishment is the employment of a Clerk at 70 Rupees per month in the Hoozoor Kacheri.
