1. Ordered that the foregoing letter be submitted for the information and orders of Government, in continuation of the correspondence noted in the margin.

2. With his letter, dated 31st July 1861, No. 820, the Collector submitted twelve Statements of lands taken up for cross-roads* in the District since Fasli 1263, and recommended payment of Rupees 25,930-3-5 arrears of annual compensation due to the different owners from Faslis 1263 to 1269, and of an annual sum of Rupees 4,691-10-0 for the future in the proportions shown in the margin. Part of these lands were Zamíndári and part Inám, and in respect to the former, the Board deemed it preferable to reduce the Peshkash rather than to make the proposed future annual payments. In the case of Ináms, they preferred the commutation of the annual compensation by a single payment in full of its value. The Collector subsequently submitted two Statements of compensation due to Zamíndárs and other proprietors, leaving the compensation due on account of the Inám lands to be settled after the close of the Inám Commissioner's proceedings in the District. The recommendation, thus modified, was laid before Government in the Board's Proceedings dated 13th May 1862, No. 3,062, and provided for a present payment of Rupees 15,533-0-3 in adjustment of arrears, and a future annual remission from the Peshkash of the proprietors of Rupees 2,398-11-5.

3. In their Order of 11th June 1862, No. 1,282, Government inquired what provision had been made for the charge in the Budget; and it is to this inquiry that the Acting Collector replies, by stating his intention to apply to the District Engineer to include the amount of the compensation Rupees (15,533-0-3 × 2,390-11-5 =) 17,931-11-8 in the latter's Budget for 1863-64. Such further delay is however to be avoided if possible, and the Board do not consider that it is necessary.

4. The arrears amounting to Rupees 15,533-0-3 belong to periods prior to 1861-62, and this amount therefore does not need to be charged against any provision in the Budget. If sanctioned by Government, it will be debited as "Arrears charges of former years," and similarly the sum of Rupees 2,398-11-5 due for the past Fasli can be met from any savings in the Budget of that year, if indeed any such form be thought necessary after the expiration of the Budget year.

5. It is very questionable whether any useful end is attained by the form, and the Board see much reason to doubt whether the Supreme Government contemplate its maintenance. But, be this as it may, there is little doubt that the charge now in question can be thus debited to a saving in the past year's Budget if thought necessary.

6. For the current year's allowance no provision is necessary if Government should see fit to confirm the reduction of Peshkash proposed by the Board.
