*Proceedings of the Madras Government, Revenue Department,  
27th August 1862.*

No. 382. Read the following letter from C. T. LONGLEY, Esq., Principal Assistant Agent to the Governor, to the Acting Deputy Secretary to Government, Madras, dated Narsapatam, 3rd August 1862, No. 116:—

SIR,

1. I have the honor to forward the report called for by Endorsement dated 17th July on Petition No. 1,772, forwarded to me through the Agent.

2. It will be seen from the enclosed depositions, that three persons whose names appear as having signed the petition deny all knowledge of it. Chetty Baniah (the third name) is that of a very respectable man, Moonsiff of the village of Balligatam, some few miles from this. There is a very manifest difference in this man's signature as it appears in the petition and in deposition taken, and signed, in my presence.

3. The Narsapatam Moonsiff, R. Ayumah Patrudu, whose name appears as the first of the three who signed the petition, cannot even write.

4. The statements contained in the petition are entirely false; not a stick belonging to any single Ryot has been cut for my house; and the ploughs hired to plough the field attached to it were paid for by my servant, under whose superintendence the house has been built and who has a receipt for the hire of every cooly employed, and each article purchased.

5. I am convinced that this Arzi is a fabrication, It emanates, I have no doubt, from some persons in this Division (on whom I have my eye) and with whose lawless acts my interference has been most unwelcome. I have offered a reward of Rupees 100 in hopes of convicting the suspected authors of such productions as the enclosed, which is herewith returned. The Tahsildár's Arzi No. 192 mentioned, is herewith enclosed.

Transmitted through the undersigned.

(Signed) D. F. CARMICHAEL,

*Acting Agent to the Governor, Vizagapatam.*

Vizagapatam,  
4th July 1862.

No. 383. ORDER THEREON, 27th August 1862, No. 1,828.

Mr. Longley states that his house at Narsapatam has been built under the superintendence of his own servant, but it seems clear from the Arzi No. 192, reporting the progress of the building, and which Mr. Longley forwards without remark or explanation, that the Tahsildár took an active part in the work. As however the signatures to the petition are fictitious, and there are no real complainants, it seems sufficient to the Governor in Council to inform Mr. Longley, through the Acting Agent, that he was wrong in allowing the Tahsildár to be employed on his house, and that this must be stopped forthwith. It was this serious mistake which exposed Mr. Longley to this accusation.

am now engaged in conducting the work of plaster-  
ing the upstairs house with Choonam. - The  
large Hall has been finished; the small hall  
will be ready by tomorrow. - As soon as they  
are ready, I will commence the work of room-  
ing. - I have 13 servants in my charge and  
by remaining always in the Banglow itself, I  
am so carefully superintending the work that  
the workmen may not idle away their time even  
a minute. - As the Banglow is a large one,  
the work must be neat & nice; - & therefore  
I am so careful about it. -

3 As soon as the plastering work is over, -  
excepting the work of white-washing & painting,  
I will finish all other work soon. -

Minerphy having stated that the house has been built under the superintendence of his own person the individuals were probably engaged in his services.

- As the signatures to the petition are justified  
 & there are no real deficiencies, it will  
 be sufficient to let the employer that he  
 was wrong in allowing the Subaltern to be  
 employed on his house & that they  
 be stopped for the future. - Mr. St. James  
 the Subaltern says the 192 separate the  
 property of his house without remark or  
 explanation & I cannot doubt that the  
 Subaltern took an active part in defrauding  
 the work. It was this serious mistake

planks are ready now, - and I am making out of them, doors and window shutters for your Boorjoor Cutchery. - On that account, iron clamps & Goridaloos are required; - & those I bought in this village only. - I will try to finish the work of Cutchery Banglow very soon. -

5 Some of the hinges of the old doors belonging to your own Banglow, have become worn out & useless. - You have sent 20 hinges for the new doors in charge of Mr. Biven; but they are not sufficient. - Kereatawamy informed me that 60 hinges more as well as the screws required for that purpose, should be bought in the shop & forwarded. - Yesterday both he & myself jointly examined all the doors; & as I am convinced that 60 hinges more are absolutely required. - I have written this for your information; - and leave every thing to your discretion. -

6 I have, anxiously & carefully taken all necessary measures to complete the whole of the work of your Banglow as soon as possible; - & I am attentively engaged always in that business. - As I have taken all this trouble only for

to please & satisfy you, - I beg you will kindly give me time up to the 15<sup>th</sup> of July. - I will exert myself to complete the whole work of painting &c within that time, & inform you of the same. -

7 Moreover. It appears that the main beam of the Banglow of Mr. Dykes, is broken consequently it leaks when rain falls; - & when I examined it, I am convinced that it will come to a state of delapidation in a few days. - As I thought it proper to bring this state of things to your notice, I have written this for your information. -

May it please you.
