	444-415	
Dated	30. 8. 1862	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
30th August 1862.*

No. 414. Read the following letter from Lieutenant-Colonel J. OUCHTERLONY, R. E.,
Acting Deputy Chief Engineer, Central Circle, to Colonel W. I. BIRDWOOD, R. E.,
Secretary to Government, Public Works Department, dated Madras, 4th August 1862,
No. 62:—

SIR,

1 Letter from the Acting District
Engineer, Bellary, No. 126, dated
21st July 1862.
1 Printed Copy of the Proceedings of
the Board of Revenue, No. 4,759,
dated 22nd July 1862.
1 Plan.
1 Estimate Rupees 6,750.

1. I have the honor to submit herewith an estimate
amounting to Rupees 6,750 for constructing a Tálug Kacheri
at Hospett in the Bellary District, which Government will observe
by the subjoined extract from the Proceedings of the Board of
Revenue, No. 4,759, under date 22nd July 1862, that body very
greatly desire to see commenced.

2. My letter No. 31, dated 1st July 1862, which is quoted in the preamble of those Pro-
ceedings, will I trust sufficiently explain why, under the peculiar circumstances of the locality,
the standard plan for the class of buildings referred to has been slightly departed from; and I
trust Government will see fit to confirm the approval which the Board have pronounced of the
deviation advocated.

3. I may add that the District Engineer, in reply to a question on the subject has informed
me that as there is good clay at Hospett he will be able to get roofing slabs made and burnt, and
that he expects by their use in lieu of terrace bricks to effect a saving in the estimate of about
Rupees 6 per square of surface roofed in. I have not, however, made any deduction on this
account, because there is always a certain degree of uncertainty about the introduction of a novel
system of building in any particular branch of the art; but the District Engineer will be warned
to exercise economy in carrying out the estimate and to save as much of its amount as he
possibly can.

4. The expenditure could, for the present, be provided for out of the General Funds of
the District.

5. It will be seen by paragraph 5 of my letter No. 31 to the Board of Revenue, that the
Inspector General of Police has examined and approved of the plan now laid before Government.

Referred to the Revenue Department for consideration.

(Signed) W. I. BIRDWOOD, Colonel, R. E.,

Secretary to Government, D.P.W.

5th August 1862.

No. 415. ORDER THEREON, 30th August 1862, No. 1,846.

The plan submitted with this letter for the proposed Tálug Kacheri at Hospett is approved.
The Government however consider it desirable that the building should have a terraced roof.

(Signed) T. PYCROFT,

Chief Secretary.
