## *Proceedings of the Madras Government, Revenue Department 17th September* 1862.

No. 338. Read the following Endorsement of the Acting Deputy Chief Engineer, Central Circle, dated Chepauk, 5th September 1862, No. 38:—

Read the following letter from Lieutenant-Colonel G. W. WALKER, Acting District Engineer, South Canara, to the Deputy Chief Engineer, Central Circle, dated Mangalore, 13th August 1862, No. 75.

SIR,

I am requested by the Collector to submit for sanction the accompanying estimate of Rupees 160, for inclosing with wooden bars the entire verandah of the Sea Custom at this place, on grounds stated below. It is desirable that the sanction should be received at as early a date as possible in order that the new arrangement may be available for the greater part of the ensuing trading season.

---

Extract letter from the Acting Collector of South Canara, No. 91 of 9th August 1862.

I noticed during the last trading season that the verandah of the building was usually so thronged by people that it was almost impossible that the business of the Office could be carried on; and as there is, moreover, no wherehouse at the Port for the safe custody of goods left in charge of the Custom Officers, it is absolutely necessary that some provision should be made on this account. As I am of opinion that the proposed outlay might be most properly met from the Port funds, I have recommended that the required amount be expended from that source.
