Proceedings of the Madras Government, Revenue Department, 19th September 1862.

No. 368. Read the following Proceedings of the Board of Revenue, dated 28th August 1862, No. 5,708 :—

Read Proceedings of Government, dated 20th March 1862, No. 621, forwarding for verification by this Office an Abstract Statement received from the Acting Accountant General, showing the arrears of Land Revenue for the last 15 years as they stood at the close of Fasli 1269.

(In Cons. 21st March 1862, No. 1,626.)

1. On the receipt of the foregoing Order detailed Statements showing the arrears in each District, were obtained from the Acting Accountant General, and a comparison of these with the accounts, of this Office shows a difference in the balance of the entire Land Revenue arrears outstanding at the close of Fasli 1269 of Rupees 24,369, as mentioned below :—

		Net Increase...	24,369	

2. Of the above differences those in Kurnool, Tanjore, and Madura have been brought already to the notice of Government, and have formed the subject of the communications entered in the margin. It will be seen that in regard to each of these differences, clear and complete information having been submitted to Government, their sanction was accorded for adjusting them by writing the amounts off to "profit and loss." Only in the case of Madura, adjustment was necessary in the accounts of this Office, and has been accordingly made in the Demand, Collection, and Balance Statement sent by the Collector for August of Fasli 1271. The Board are not however aware whether similar adjustment was made in the Collector's accounts furnished to the Accountant General, but if, as the Board presume must be the case, this has been done, the difference in question will cease to appear in future.

From Government dated 23rd August 1861, No. 1,692.

3. As regards Kurnool and Tanjore, the Board observe that no adjustment is necessary in their accounts. Under the sanctions of Government dated 13th June 1861, No. 1,198, and 6th April 1861, No. 767, the sums in question should be written off in the accounts rendered by those Collectors to the Accountant General, and if this has been already done, as the Board again presume must be the case, the differences under notice will disappear. Under these circumstances the Board consider that no future notice of the differences is necessary.

4. In regard to the Kistna and Madras Districts, the Board remark that the differences observed are not among those pointed out in previous years, and it is much to be regretted that in spite of repeated and stringent instructions to the Collectors to maintain due agreement between their returns submitted to this Office and to the Accountant General, fresh differences should be allowed to arise. The Board resolve therefore to request the Collectors of the Kistna

and Madras Districts to obtain clear and satisfactory explanation from their Treasury Deputies of the differences now pointed out, and to submit it to the Board at an early date. On the receipt of this explanation, it will be forwarded to Government for their information.
