91-92	
Dated 5. 2. 1862.	

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department, 5th February 1862.

No. 91. Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Chepauk, 7th January 1862, No. 9,020 :—

SIR,

1. I have the honor to report with reference to the Proceedings of Government No. 2,196, dated 28th November 1861, that I see no objection to selling or subletting the four Coal Godowns belonging to the P. and O. Company, but I am not acquainted, as the Superintendent of Marine supposes me to be, with the conditions upon which the buildings were first erected.

2. In Mr. Franklin's suggestion to the effect that Government should have the first option of purchase or rent, I quite concur. This Department has greatly felt the need of a godown wherein to store the Coke which has arrived during the last twelve months for the use of the Workshops for the Engine to be erected in connection with the Fort drainage, Turbine Wheel, &c., and I think that at least one of the Godowns should be purchased or rented by Government for stowing away other Coke that may be expected to arrive from time to time for the use of this Department.

No. 92. ORDER THEREON, 5th February 1862, No. 208.

Referred (through the Board of Revenue) to the Collector of Madras for information as to the conditions upon which permission was granted for the erection of the Godowns in question.

(Signed) C. G. MASTER,
Deputy Secretary to Government.
