No. 334. Read the following Proceedings of the Board of Revenue, dated 7th October 1862, No. 6,725 :—

Read the following letter from P. GRANT, Esq., Collector of Coimbatore, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Madras, dated Ootacamund, 26th September 1862, No. 199.

SIR,

1. In continuation of my letter of the 8th ultimo, No. 161, I beg to report that the name of the Ryot selected in the Suttimungalum Táluq for the cultivation of Cotton on the terms and conditions offered in His Excellency's Minute, is Chinnatumbi Gounden of Vanipoottoor. He is a substantial Ryot possessing 350 acres of both dry and wet lands, assessed at Rupees 1,739-6-7, and agrees to bring 30 acres bearing an assessment of Rupees 32-3-8 under Cotton cultivation on the improved process. The experiment will be undertaken by him in the next Fasli 1273, the seed being selected from the produce of the current year.

2. I have communicated to all the Ryots engaged in the experiment, that the cultivation need not be restricted to the indigenous Cotton, but that they are at liberty to grow the Bourbon species which is a superior kind, and which has already been introduced into this District to a considerable extent.

The arrangement made in this case is approved and will stand, but the Collector will learn from the Board's Circular Order dated 22nd September 1862, No. 6,358, that no further assignments of this kind are to be made.
