Proceedings of the Madras Government, Revenue Department, 17th November 1862.

No. 199. Read the following Proceedings of the Board of Revenue, dated 4th March 1862, No. 1,463 :—

Read the following letter from E. B. THOMAS, Esq., Collector of Coimbatore, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Madras, dated 19th February 1862, No. 40.

SIR,

1. I beg to forward, at request of Major S. P. Scott, a further application for land on the Neilgherries. I only trouble the Board with the large ones, for their information, till I get general orders. From the numerous applications the Board will, I think, see the advisability and fairness to all applicants, of what I have always suggested, *auction*.

2. When the new Rules, modified to suit the Madras Presidency and the Neilgherry Hills, are promulgated, I beg distinct orders from the Board and Government, as to how far Dr. Cleghorn's and other Conservancy rules (recently found so necessary, and framed with care) are to be set aside; and also, if the late Rules for the Neilgherries are to be abrogated.

3. I should, myself, from my own experience suggest that both be maintained, as advisable and necessary. The few remaining forests of the *Neilgherries* (likely to be *the* most accessible and frequented *sanitarium* in India) being totally different, from the large jungly and waste portions of Bengal. In the *one*, every tree, and every acre of land, is in request and competition; and as a high saleable value. In the *other* (Bengal), it is desirable at any cost or rate, to clear jungly wastes; moreover, the Neilgherries are in fact the great source of moisture to all the neighbouring Districts; whence their rivers and channels are supplied; to denude the higher parts of the Neilgherries (already sufficiently bare), will be to diminish, undoubtedly the most valuable of all things in India, the *water*.

ENCLOSURE No. 1.

ABSTRACT.—Extract of a letter from Major S. P. Scott, to E. B. Thomas, Esq., Collector of Coimbatore, dated 16th February 1862.

1. Ordered to be submitted for the consideration of Government, in continuation of the Board's Proceedings, dated 25th February 1862, No. 1,315.

2. The Board cannot doubt that the Rules laid by the Supreme Government supersede all pre-existing rules, but Mr. Thomas appears to have lost sight of the fact that the Resolution of the Governor General expressly provides for the reservation of any tracts which for public reasons it may be considered undesirable to allot for private occupation, which reservation will, in the Board's opinion, meet all the requirements of the case.
