Proceedings of the Madras Government, Revenue Department, 28th November 1862.

No. 345. Read the following Proceedings of the Board of Revenue, dated 8th September 1862, No. 5,966.

1. When submitting to Government, with reference to their Memorandum dated 17th January 1862, No. 13, a list received from the Officiating Civil Paymaster showing the stations in the several Districts at which extra tentage was drawn by the Sub-Collectors, &c., all the year round, the Board observed that the List was incomplete in some respects, and therefore requested the Collectors by their Circular dated 27th March 1862, No. 2,020, to furnish clear and complete information on the subject arranged in the manner therein suggested. From the Collector's replies to this call, a general Statement has been prepared which will be herewith submitted to Government.

2. It will be seen that the Deputy Collectors in charge of Salt in Ganjam and in charge of general duties in the Kistna District have no public accommodation, that their Kacheries are held in private houses, but that these Officers do not draw any extra tentage all through the year, neither is any rent charged. The Board do not consider it just that these Officers should be required to provide accommodation for their Kacheries at their own expense; they would therefore recommend that they be allowed to charge in monthly Contingent Bills, a reasonable amount of rent for the accommodation. The Board recommend this as being less expensive than if they were permitted to draw extra tentage.

3. In regard to the Officers under class 1, the Board think it probable that at some of the stations suitable buildings can be engaged for their Kacheries at moderate rents. This will be more economical than allowing extra tentage throughout the year, and if the Government approve of the plan, the Collectors will be instructed to ascertain and report to what extent this can be done.

4. The Board resolve to communicate copy of these Proceedings and of the Statement to the Acting Civil Paymaster for information, with reference to his Memorandum dated 29th January 1862.

Secretary.

No. 346. ORDER THEREON, 28th November 1862, No. 2,500.

1. With their Proceedings here recorded, the Board of Revenue submit three Statements showing, first, the stations where no office accommodation is provided for the Revenue Officers, who consequently draw extra tentage all the year round; secondly, where the Cutcherries are accommodated in private houses, the rent of which is charged in contingent bills; and thirdly, where Government buildings are available, and no extra allowance is necessary.

2. Some of the entries in these Statements require notice, but the Government will first pass orders on two suggestions made by the Board.

Ganjam. Kistna.

3. It appears that there are two Deputy Collectors who provide for their office establishment in their own houses, but who receive no extra allowance on that account. The Board do not consider this equitable, and they propose to allow them to charge in monthly contingent bills a reasonable amount of rent for the accommodation. The Government approve of this recommendation provided no separate building is available. The Ganjam Salt Deputy Collector might be accommodated either in the Collector's Cutcherry at Chetterpore or the Sub-Collector's Cutcherry at Chicacole. His establishment is small, and he in fact needs little more than space for his records and a room for his own use occasionally.

4. At some of the stations where Officers are now drawing permanent extra tentage, the Board are of opinion that suitable buildings may be engaged at moderate rents. This would

be a much more economical plan, and has the approval of Government. The Board will report to what extent it can be carried out.

5. A public office, however, should always be a *separate* building in a locality convenient to the people. Where therefore separate houses are not procurable, it would be better to build. The Board will ascertain and report what it would cost to construct an office for each Officer not already provided with one. A Revenue Officer is rarely out away from his head quarters more than four months in the year. So that under present circumstances the Government have to pay a Sub-Collector (8 × 150) 1,200 Rupees per annum, or 100 per mensem, for the two or three rooms that he makes into an office. Similarly in the case of a Head Assistant or Deputy Collector the charge exceeds 50 Rupees monthly. In either case the accommodation required is small, and might be provided once for all by a very moderate outlay, while the advantages of having a separate and definite office are great and unquestionable.

6. It appears from the first statement that the Sub-Collector of Nellore draws full extra tentage while at Ramayapatam. The Government are not aware on what authority this is done. On the contrary, on referring to their records, they find in a letter from the then Acting Sub-Collector, recorded in Extract Minutes Consultation 27th November 1855, No. 863, the following statement:— "The question of the Sub-Collector's residence at Ramayapatam has "been mooted on more than one occasion, and the result has been that he has heretofore been "permitted to make it his head quarters; but the privilege of drawing extra tent allowance for "providing a Cutcherry for the public servants, was withdrawn on the ground that his residence "at Ramayapatam was to suit his private convenience." The result of the correspondence, of which the above quotation formed a part, was that the Sub-Collector was allowed to spend six months of the year at Ramayapatam on the understanding that he should reside for the other six months at Ongole or in the northern Táluqs, but no right to extra tentage was thereby conceded. Although Ongole is the central place of the Sub-Division, and though the Government have buildings there, they have no objection to the Sub-Collector spending the six hot months at Ramayapatam; but they do not see the justice of paying him 150 Rupees a month extra for so doing, and they desire that this allowance be hereafter passed for one month only, the usua period allowed in similar cases.

7. It appears to the Government that the head quarters of the Sub-Collector of Tanjore must be removed with advantage to Combaconum, now that the Courts have been transferred to Tanjore. The Board will consider and report on this suggestion.

G. O., No. 2,011, dated 16th September 1862.
Do. „ 2,283, dated 27th October 1862.

8. In the same District the head quarters of the Salt Deputy are put down as Adrampatam, but practically they are fixed at Negapatam, and this would appear to be the best arrangement.

9. At Palghát the Head Assistant draws full tentage permanently. The Board will ascertain whether there are no suitable buildings in the Fort which is Government property.

10. At Tindevanum a Bungalow might probably be rented or purchased for the Head Assistant's Cutcherry at a trifling cost, and a similar arrangement might be made at Tuticorin for the joint offices of the Head Assistant and Salt Deputy. These suggestions will be noticed in the Board's report called for in paragraph 4, *supra*.

11. The other statements call for no remarks which have not been anticipated.

Secretary to Government.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 8th September 1862.

1. When submitting to Government, with reference to their Memorandum dated 17th January 1862, No. 13, a list received from the Officiating Civil Paymaster showing the stations in the several Districts at which extra tentage was drawn by Sub-Collectors, &c., all the year round, the Board observed that the List was incomplete in some respects, and therefore requested the Collectors by their Circular dated 27th March 1862, No. 2,020, to furnish clear and complete information on the subject arranged in the manner therein suggested. From the Collector's replies to this call, a general Statement has been prepared which will be herewith submitted to Government.

2. It will be seen that the Deputy Collectors in charge of Salt in Ganjam and in charge of general duties in the Kistna District have no public accommodation, that their Kacheries are held in private houses, but that these Officers do not draw any extra tentage all through the year, neither is any rent charged. The Board do not consider it just that these Officers should be required to provide accommodation for their Kacheries at their own expense; they would therefore recommend that they be allowed to charge in monthly Contingent Bills, a reasonable amount of rent for the accommodation. The Board recommend this as being less expensive than if they were permitted to draw extra tentage.

This will be more economical than allowing extra tentage throughout the year, and if the Government approve of the plan, the Collectors will be instructed to ascertain and report to what extent this can be done.

two suggestions made
by the Board.

3. It appears that there
are two Depy Collrs who
provide for their office
Establishment in their
own houses, but who
receive no extra allowance
on that account. The
Board do not consider
this Equitable, and
they propose to allow
them to charge in their
monthly Contingent Bills
a reasonable amount
of rent for the accom:
modation. The Govt
approve of this recom:
mendation provided no
separate building is
available. They would
observe, however, that
the Salt Deputies have
a very small establishment,
& that they should, as a

The Ganjam Salt
Depy Collr may be
accomodated either
in the Collrs Cutcherry

ment is small

rule, have Quarters in
the Collectors, or Sub-
Collectors Office. This
appears to be done in
Ganjam & Vizagapatam
districts.

4. At some of the stations
where Offices are now
drawing permanent Extra
Tentage, the Board are
of opinion that suitable
buildings may be engaged
at moderate rents. This
would be a much more
economical plan, than
the approval of Govt. The
Bd will report to what
Extent it can be carried
out.

5. A public office house
should always be a
separate building in a
locality convenient to
the people. Where therefore
separate houses are not
procurable, it would
be better to build. The

Board will ascertain & report what it would cost to construct an Office for each Office not already provided with one.

A Rev: Offr is rarely ever away from his head quarters more than four months in the year. So that under present circumstances the Govt have to pay a Sub. Collr (8 x 150) 1200 Rs per annum, or 100 per mensem, for the two or three rooms that he makes into an office. Similarly in the case of a Head Asst or Dept Collr the charge exceeds 50 Rs monthly. In either case the accommodation required is small, & might be provided free for all but a very moderate outlay, while the advantage of having a separate and

definite Office are great and unquestionable.

6. It appears from the first Statement that the Sub Collector of Nellore draws full extra tentage while at Ramayapatam. The Govt are not aware on what authority this is done. On the contrary, on referring to their records, they find in a letter from the then Actg Sub Collr, recorded in E. Jr. C. 27 Nov: 1855, No 863, the following statement:-

"The question of the Sub Collr's
"residence at Ramayapatam
"has been mooted on more
"than one occasion, and
"the result has been that
"he has heretofore been
"permitted to make it his
"head quarters; but the
"privilege of drawing
"Extra Tent allowance for
"providing a Cutcherry for
"the public servants was
"withdrawn on the ground

"that his residence at
"Ramayapatam was to
"suit his private convenience"
The result of the correspon-
dence, of which the above
Quotation formed a part,
was that the Sub-Collr
was allowed to spend six
months of the year at
Ramayapatam on the
understanding that he
should reside for the other
six months at Ongole
or in the Northern Taluks,
but no right to Extra
Leutage was thereby
Conceded. Although Ongole
is the central place of
the sub-division, & tho'
the Govt have buildings
there, they have no objection
to the Sub-Collector spending
the six hot months at
Ramayapatam; but they
do not see the justice
of paying him 150 Rs
a month extra for so
doing, and they desire
that this ~~may be changed~~

allowance be hereafter
posted for one Mamool Station only,
the usual period allowed
for residence in similar cases.

~~allowance may be forthwith~~
~~stopped~~

7. It appears to the Govt
that the Head Quarters of the
Sub Collector of Tanjore might
be removed with advantage
to Combaconum, now that
the Courts have been transferred
to Tanjore. The Bd will
consider & report on this
suggestion

8 In the same District
the Head Quarters of the
Salt Deputy are fixed down
at Adirampatam, but prac-
tically they are fixed at
Negapatam, & this would
appear to be the best
arrangement.

9. at Palghat the Asst
Assistant draws full
Leutage permanently. The
Board will ascertain
whether there are no
suitable buildings in the
Fort which is Govt property.

10. at Cuddapah probably
a bungalow might be

Cutchery
the Head assistant's ~~Kutchery~~ at a very trifling cost, and a similar arrangement might be made at Tuticorin for the joint offices of the Head Asst & Salt Deputy. These suggestions will be noticed in the Bd's report called for in paragraph 4 supra.

11. The other statements call for no remarks & have not been already anticipated. The Salt deputy at Chicacole holds his office in his private residence, but the Govt have already expressed their disapproval of this practice. The two Establishments of the Principal Assistant & Salt Deputy should be accommodated, if possible, in the same building.
