1. I have the honor to forward for submission to Government plans and estimates, amounting in the aggregate to Rupees 2,510, for carrying out the works marginally indicated in the Vizagapatam District.

2. The estimates were received by me from the Board of Revenue, through the Chief Engineer, and I was directed by the latter Officer to forward them on to Government, after the necessary examination, with any remarks that I had to offer.

3. On the representations of the Collector and Deputy Collector in charge of the Salt Department,

the absolute necessity for these revenue works was, as appears from their Proceedings, No. 7,176, dated 30th October 1862, freely admitted by the Board of Revenue, and the utility of each individual work has been so fully set forth in paragraphs 2, 3 and 4 of their Proceedings above quoted, that I consider it unnecessary to adduce any further reasons than those already put forward for the carrying out of the works in question. I beg, therefore, to solicit the sanction of Government to the aggregate amount, viz., Rupees 2,150, for entry in the Budget of 1863-64. The estimates have been examined and are correct.

Referred to the Revenue Department.
