*Proceedings of the Madras Government, Revenue Department,

Read the following papers :—

No. 139. From G. N. TAYLOR, Esq., Inám Commissioner, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Coimbatore, 30th October 1862, No. 56.

SIR,

1. Agreeably with the instructions contained in the Order of Government dated 15th April 1862, No. 289, I have the honor to submit herewith the Budget Estimate of the probable charges of this Commission for the official year 1863-64.

2. It is necessary to state for the information of Government that although, as originally expected, the actual enquiry by most of the Deputy Collectors of the Commission will probably be brought to a close about the end of the current official year; yet, looking to the nature of the work and to the unforeseen contingencies which often arise to delay their proceedings, it is not possible to determine the precise date within which the settlement by each Deputy will be certainly completed. Under these circumstances, I deem it desirable to estimate for the retention of certain of their number for a portion, and for the whole, of the ensuing official year.

3. The Central Office will fully be occupied throughout the entire year in the final review and confirmation of the Deputy Collectors' decisions, in the settlement of appeals, in the transcription of fair Registers, and preparation of detailed Statements for each District, and in the general winding up of the work of the Commission.

4. The only new charge introduced into the present estimate is the item of Rupees 2,400, on account of the proposed addition of Rupees 100 per mensem to the salary of each of my Special Assistants. On a former occasion (Order of Government No. 1,833, dated 10th October 1860,) the Government were pleased to negative the proposition in their favor brought forward in my letter of the 4th October 1860. In venturing on the present occasion to renew my former recommendation, I desire to refer to the unwearied zeal and to the ability which they have brought to the performance of the important duties entrusted to them during the past two years, and to solicit the special consideration of Government to the fact that their employment in this Commission, where their services are so valuable, has deprived them of the high position they might otherwise have occupied in the general line of the public service.

5. The estimate for the Medical Stores which will probably be required for the year 1863-64, has been transmitted to the Examiner of Medical Accounts for the purpose of being priced, with reference to paragraph 1 of Extract of Proceedings of the Board of Audit No. 68, dated 11th July 1862. As this estimate has not yet been returned to my Office, no provision has been made for the same in the estimate herewith submitted; I shall, however, give the necessary information on the subject to the Accountant General before the transmission of the general Budget from his Office to Government.

Endorsement of the Acting Accountant General, dated 12th November 1862.

No. 140. From G. N. TAYLOR, Esq., Inám Commissioner, to H. A. MANGLES, Esq., Acting Accountant General, Fort Saint George, dated Coimbatore, 5th November 1862, No. 409.

SIR,

I have the honor to inform you that no provision was made for Medical Stores in the Budget Estimate of this Commission for 1863-64, which has been submitted to Government, in consequence of the non-return in time of the estimate of the probable requirements which I forwarded to the Examiner of Medical Accounts for the purpose of being priced, under the instructions conveyed in paragraph 1 of Extract of Proceedings of the Board of Audit, dated 11th July 1862, No. 68. As the estimate in question has since been returned duly priced, I have the honor to request that Rupees 65 may be entered under the head "Medical Stores," to be newly

opened, in my Budget Estimate, which I believe will be forwarded by Government to your Office for incorporation in the General Budget.

Forwarded to the Secretary to Government in the Revenue Department with a request, that the amount may be included in the estimate of the Inám Commissioner now before them.

FORT SAINT GEORGE,
ACCOUNTANT GENERAL'S OFFICE,
12th November 1862.

(Signed.) H. A. MANGLES,
Acting Accountant General.

No. 141. ORDER THEREON, 10th December 1862, No. 2,576.

1. With the first letter the Inám Commissioner submits his Budget Estimate of the probable charges of his Department for 1863-64.

2. This estimate amounts to Rupees 1,47,096 inclusive of the value of Medical Stores, against the actual expenditure of 1,75,310 in 1861-62 and the probable expenditure of Rupees 1,93,558 in 1862-63. The large decrease is owing to the proposed reduction in the number of Deputy Collectors as the work of the Commission is brought to a close.

3. The annual additional revenue consequent on the operations of the Commission amounted to Rupees 8,70,758 up to October last, while the total charges up to the same period cannot exceed in round numbers 5½ lacs.

4. The Commissioner stated in his letter dated 25th September 1860, No. 339, paragraph 5, that the Commission will probably be brought to a close by the end of 1862, and the Government in their Order dated 21st December 1861, No. 2,339, observed in passing the Budget for 1862-63 that no charge will be necessary for the ensuing year. But Mr. Taylor states that although as expected the actual enquiry by most of the Deputy Collectors will be brought to a close by the end of the current official year, yet looking to the nature of the work and to the unforeseen contingencies which often arise to delay their proceedings it will be proper to provide for the continuance of the services of some of these Officers, and in regard to the Central Office he remarks, that it will be fully occupied throughout the entire year in the final review and confirmation of the Deputy Collectors' decisions and in the settlement of appeals and other matters. Under these circumstances and looking to the financial result of the Commission already noticed and the final settlement of the Ináms on proper terms the Government accept Mr. Taylor's Budget for 1863-64.

5. There are certain new entries in the Budget which require notice. The Commissioner provides for an increase of salary to his two Special Assistants from Rupees 500 to Rupees 600 each, and for the promotion of three of the Deputy Collectors from the fourth to the third class. Under the strong recommendation made by Mr. Taylor the Government resolve to retain the extra sum of Rupees 2,400 entered for the Special Assistants, but no portion thereof can be actually expended before it has received the special sanction of the Government of India. Mr. Taylor will submit at an early date the prescribed Tabular Statement with the necessary information. The sanctioned establishment for the Commission will allow of the promotion of three of the present Deputy Collectors to the third class, and when necessary Mr. Taylor will address Government more particularly on the subject.

6. The sum of Rupees 5,000 entered for "temporary establishment" is rather large, but as it is difficult for the Commissioner to say precisely the extent of the temporary aid that will be required in 1863-64 as the work proceeds, the Government will retain that amount subject to specific sanction being obtained whenever any necessity may arise for the employment of any portion of the establishment.

*Proceedings of the Madras Government, Revenue Department,
10th December 1862.*

7. With these remarks the Government resolve to transmit the Budget to the Acting Accountant General. The several items passed in this Order are shown in the following table:—
