## *Proceedings of the Madras Government, Revenue Department, 15th December 1862.*

No. 214. Read the following Proceedings of the Board of Revenue, dated 12th November 1862, No. 7,458:—

Read the following letter from G. BANBURY, Esq., Acting Collector of Kurnool, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Fort Saint George, dated Kurnool, 5th November 1862, No. 127.

SIR,

1. I have the honor to inform you, that Mr. Latham of Trinity College, Cambridge, and Executive Engineer of the Bawanassy Division of the Irrigation Company's works, has very generously bestowed the sum of Rupees 1,000 for the purpose of forming a Scholarship, in the Kurnool Zillah School, open to competition amongst the sons of the agricultural class.

2. Correspondence has already taken place with the Director of Public Instruction regarding this grant, the nomination of Trustees, &c., and Mr. Latham has come to the conclusion that the capital should be invested in land, in preference to Government Rupee Paper. He has consequently selected a plot of waste dry land in Zootoor, near Bawanassy, and has commenced clearing and reclaiming the same.

3. Raganath Row, the Deputy Collector, has visited the spot and finding the tract composed of inferior Lál or red ferruginous has assessed it at 4 Annas per Acre.

4. Mr. Latham is now anxious that he should be permitted to purchase this Estate for the foundation and support of the scholarship, at 20 years' assessment, which will make the purchase money Rupees 500.

5. Considering the object for which this request is made, I trust the Board and Government may be disposed to accede thereto, and as Mr. Latham is shortly proceeding to England, it would doubtless be more satisfactory to all parties, if the whole details connected with this endowment were settled previous to his departure.

---

1. Ordered to be submitted for the favorable consideration of Government.

2. The Board infer from Mr. Banbury's letter that the land has been granted to Mr. Latham on Durkhast under the ordinary Rules, and that Mr. Latham now desires to redeem the annual assessment at 20 years' purchase.

"The Govt. can think the sale of the plot in question at years purchase of the proposed assessment to Mr Latham for the purpose stated in the foregoing letter. The boundaries of the plot should be carefully marked in some durable manner, as the assessment is that it does not include other than Govt. lands.
