Proceedings of the Madras Government, Revenue Department, 13th February 1862.

No. 275. Read the following Proceedings of the Board of Revenue, dated 17th January 1862, No. 421 :—

Read the following letter from H. A. BRETT, Esq., Collector of Salem, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Chepauk, dated 5th December 1861, No. 250.

SIR,

1. I have the honor to submit a Statement showing the quantity of paper expended on account of Village Accounts during Fasli 1270.

2. The total quantity of paper expended during the Fasli was Reams 715-0-15, priced at Rupees 2,280-13-11. I request the Board will be so good as to obtain the sanction of Government for my charging this amount in the public accounts.

3. I have distinguished in the Statement the cost incurred for preparing the Survey Registers from the costs incurred on account of the usual annual accounts.

4. Comparing the expenditure incurred for the annual accounts in the Fasli under reference with that of the preceding Fasli, there is an increase of Rupees 332-7-7, a part of which is owing to the increased quantity of paper expended for Survey Registers in the Fasli, and partly to some increase during the year in the cost price of paper. There was also some increase in the quantity used in the preparation of the ordinary Village Accounts.

5. In my letter to the Board, dated 4th September last, No. 159, submitting revised Sádir-wárid Estimates, I proposed in paragraphs, 14 to 16 that a certain fixed allowance should be made to the Village Curnums, as the most economical way of meeting the charge now annually incurred in supplying paper for Village Accounts.

---

1. Ordered to be submitted to Government, with the Board's recommendation that the sum of Rupees 2,280-13-11, expended in Fasli 1270 in the District of Salem for paper for the Village Accounts and Survey Registers be sanctioned.

G. O. No. 905, dated 22d April 1861.

2. The sum sanctioned for Fasli 1269 was Rupees 1,948-6-4, and the increase of Rupees 332-7-7 in Fasli 1270 is attributed to more paper having been used, and partly to its cost having been somewhat higher that in the previous year.
