Proceedings of the Madras Government, Revenue Department, 14th February 1862.

No. 315. Read the following Proceedings of the Board of Revenue, dated 29th January 1862, No. 683:—

Read again letters from the Collector of Madras, dated 21st and 24th December 1861, Nos. 459 and 466.

(In Cons. 23rd and 31st December 1861, Nos. 8,163 and 8,224.)

Read also the following letter from the same Officer, dated Sydapet, 16th January 1862, No. 17:—

1. In reply to Board's Proceedings of the 14th instant, No. 338, I have the honor to state that the Establishment given in the margin of Mr. Reade's letter of the 21st December last, was proposed by me for the Depôt of Home's Gardens only.

2. I have suggested in my letter to Mr. Pelly of the 26th July 1860, No. 277, that all the Southern Salt stations shall be subordinate to this Depôt. In paragraph 22, I have given a scale of Establishment, amounting to 185 Rupees monthly, for the two stations of Cheyur and Chunambat; the three other stations will be for manufacture only, and will each have an Amín on 14, and two Vettyans on $3\frac{1}{2} = 21$ Rupees monthly.

3. The Establishment for Home's Gardens, and dependent stations, as proposed by Mr. Pelly, is stated by the Board in the Proceedings under acknowledgment to be Rupees 343 monthly, but in his Circular No. 280, to which my letter of the 26th July 1860 is a reply, it is given at $430\frac{1}{2}$ monthly, and stations are allotted to it both south and north of the Madras Depôt as remarked in paragraph 23 of my letter above quoted.

4. I will take this opportunity of remarking with reference to Board's Proceedings of the 8th, No. 98, that the sales at Home's Gardens cannot open so soon as anticipated in Mr. Reade's letter of the 19th ultimo, which I have just now seen for the first time.

5. Mr. Rozario, I am informed, objects to take up the contract on the provisions required by Mr. Reade, but I have requested him to call upon me on the 17th instant, when I have no doubt of coming to an understanding with him, as he has long been my contractor for the conveyance of Salt to the Madras Depôt, and has always worked to my satisfaction. The contract in the one case need not be more stringent than in the other, but he will require a fortnight at least, after the contract is signed, within which to place his boats upon the canal, and then come shipments and storing; but there will be no unnecessary delay in opening the depôt for sale.

---

1. The Board regret to learn that the Salt Depôt at Home's Gardens will not be opened as early as anticipated by Mr. Reade, and they trust that the Collector will succeed in coming to an early arrangement with the Contractor.

4 Gumáshtas	80
1 Shroff	10
4 Measurers	20
10 Peons	50

2. They observe that the proposals contained in Mr. Pelly's Circular were considerably modified in his letter to Government, as it was proposed that the pans at Soonampoogunlah and Punjalam should be given up, and they resolve to request the sanction of Government for the entertainment of the Establishment recommended by him, amounting to Rupees 250, for the Depôt at Home's Gardens, as this charge can be met from the sum of Rupees 327, which the late Acting Collector states was provided for the same purpose in the Budgets of the current and next ensuing official years. When Mr. Pelly's proposals are finally approved, the station Establishments can be entertained at the subordinate villages, and meantime present arrangements can continue.

No. 316. ORDER THEREON, 14th February 1862, No. 319.

The Government sanction the Establishment noted in the margin of the Board's Proceedings for the Depôt at Home's Gardens. They observe a material reduction in the number of Peons for which no reason is assigned, the Collector's opinion should be obtained as to the number actually required for ordinary duties at the platform, and arrangements should be made with the Inspector General of Mufassal Police for the efficient guarding of the Depôt by day and night.
