PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, to J. D. SIM, Esq., Secretary to Government, dated Chepauk, 1st November 1861, No. 6,711:—

SIR,

1. With reference to Proceedings of Government of 7th December last, No. 2,515, and your reminder of the 19th ultimo, I have the honor to observe that I conclude there has been some mistake in supposing that a report had been promised from this Department on the survey of the Tracts north of the Godavery which have been ceded by the Nizam.

2. A reference to Captain Haig's letter, forwarded with mine of the 6th June 1860, No. 1,319, shows that the report in question was called for from the Commissioner of Nagpore, but as that had been delayed from the difficulty of obtaining the requisite information, he had himself drawn up a statistical memorandum which might be relied on as correct, and prepared, as illustrative of it, a sketch of the country in question. This sketch was duly forwarded by me to Government on the 9th June 1860, with Memorandum No. 1,449, as will be seen from the Proceedings of Government of the 3rd July 1860, No. 1,404.

3. No other report was ever, that I am aware, forwarded by or expected from this Department, and I conclude therefore that the one called for in the Proceedings now under reply, and awaited by the Secretary of State must be the report from the Commissioner of Nagpore.

ORDER THEREON, 24th December 1861, No. 2,389.

1. The survey of the tract of country north of the Godavery with a report of which the Secretary of State desired* to be furnished appears to be the one referred to by Captain Haig in the following terms in a letter to the Resident at Hyderabad, dated 3rd May 1860†:—"We "arranged therefore that the survey should be commenced as "soon as possible, and as an efficient Surveyor is now on his way "to join me, I hope it may be completed and forwarded through you to the Nizam's Govern-"ment within three months."

* Despatch 17th October, No 60, paragraph 6, in Government Order 7th December 1860, No. 2,515.
† In Chief Engineer's letter to Government, 19th June 1860, No. 1,754.

2. The tract of country in question having been ceded by the Nizam's Government, the survey is not necessary and may be deferred until it can be taken up by the Revenue Survey Department.
