*Proceedings of the Madras Government, Revenue Department,
3rd March 1862.*

No. 19. Read the following letter from Messrs. ROGHE & Co., to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Cocanada, 18th February 1862 :—

SIR,

1. We have the honor, in acknowledging the receipt of your order of 31st ultimo, to address you again on the subject of our former letter.

2. In the 4th paragraph of your order, you state "The Government are anxious to encourage private enterprise in the Salt trade, but they cannot grant any exclusive privileges to Messrs. Roghé & Co."

3. It may be beneficial perhaps to our interest to explain to you more fully the nature of the privileges we request.

4. Our expression does not imply a privilege to monopolize the traffic of the Godavery, as we well know that the field would be too extensive for the undertaking of one firm, and that such a monopoly would only debar others from developing and reaping the benefit of its resources; such a step would obviously be contrary to the interests, both of Government and private speculators. Our meaning is, that as the Salt and Opium trade, up the Godavery and Severy rivers, is limited (somewhat narrowly), and not too extensive for our carrying it on, commensurately with the requirements of those places, we think that the sanction of Government to our request would be but a fair compensation for our enterprise. It is more than probable, that were we to commence the Salt trade, independent of such a privilege alluded to from Government, we should only pave a smooth way for other parties, who would mar our transactions, and probably drive us out of the trade altogether.

5. We hope that Government will be pleased to consider this point in a fair light, and convey their ultimate decision to us through you.

6. We are anxious to learn the result of Captain Haig's communication with Government on the subject.

No. 20. ORDER THEREON, 3rd March 1862, No. 459.

The wishes of Messrs. Roghé & Co. are still somewhat dubiously expressed—but if their meaning be that they desire a monopoly of the Salt and Opium trade up the Godavery and Severy rivers, the Governor in Council can only repeat that compliance with their request is wholly out of the question. There is nothing in the state of the trade in these articles to warrant such a concession, and the Government cannot consent to place any restriction on traffic on the Godavery.

Deputy Secretary to Government.
