*Proceedings of the Madras Government, Revenue Department,
4th March 1862.*

No. 49. Read the following Proceedings of the Board of Revenue, dated 3rd February 1862,
No. 752:—

Read the following letter from J. SILVER, Esq., Collector of Tinnevely, to W. HUDLE-
STON, Esq., Secretary to the Board of Revenue, Madras, dated Trichendoor, 24th
January 1862, No. 36.

SIR,

1. In reply to your letter of the 6th instant, requesting my opinion as to the prospects of
the season and the probable outturn of the crops, I have the honor to refer the Board to my
letter of the 22nd instant, No. 34, and to report that as there was no rain from the middle of
November to the end of December the crops were suffering greatly from want of water, especially
in the northern Taluqs; but providentially rain having fallen all over the District on the
4th and 5th January, the great proportion of the standing crops have been saved, a portion, however,
in the Northern Taluqs had perished before this change came.

2. The standing crops are now in a flourishing condition, but another fall of rain is needed
to bring them to full bearing.

3. I do not consider that the probable outturn will be less than the average quantity, and
the aid of Government in finding employment for day laborers, will not be needed.

Ordered to be submitted for the information of Government.

(A true Copy and Extract)

(Signed) W. HUDLESTON, Secretary.
