The Board having assembled, very minutely examined
into the state of health of Lieut. J. Pavy, and carefully
perused a statement of his complaint submitted by his
Medical attendant. Find that he is laboring under
Chronic Diarrhoea the result of Dysentery, by which his
general health is so much impaired that he is
recommended to proceed to Europe for the re-establishment of
his health - The Board further recommend that
Lieut. Pavy should proceed overland, and do not consider
him fit to take charge of Troops.
