

MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.

G.O. No. 627	Press Mis.
352. 353	
Dated 20 . 3 . 18 62	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
20th March 1862.*

No. 352. Read the following Proceedings of the Madras Government in the Public Works Department, dated 10th March 1862, No. 399:—

Sanctioning Rupees 520 for constructing four new wells and erecting three latrines over the main running stream at Ootacamund, and referring the question of a grant of 5,000 Rupees for sanitary purposes to the Revenue Department for consideration. } (Vide Public Works Proceedings, 10th March 1862, Nos. 135, 136.)

No. 353. ORDER THEREON, 20th March 1862, No. 627.

Paragraph 2 of these Proceedings will be referred to the Public Department, with reference to the Order in this Department, dated 4th November 1861, No. 2,111.

(Signed) C. G. MASTER,
Deputy Secretary to Government.

1862, No. 3:—

SIR,

1. I beg to report for the information of Government that the new Pykhanas over the main running stream as adverted to in Government Order of 22nd October 1861, No. 2,025, have been completed by the Tahsildar in an inexpensive mode, under my orders, with the concurrence of the Executive Engineer. There is now a constant stream through them, and no effluvia.

2. The area of the market place has also been increased, as pointed out by His Excellency the Governor when here, without any expense, by the labor of a few prisoners lately accorded to me by the Inspector General of Jails. The border of the lake has also been partially cleared of bushes, weeds and rubbish, and four new public wells for drinking are now in course of construction by the Tahsildar, near the lake; their cost will be 340, or 85 Rupees each, of which the inhabitants have subscribed half. For the other half 170, and the small cost of the three Pykhanas 350 Rupees, I solicit the sanction of Government.

As proposed in my letter of 15th August last, No. 43.

3. If Government would be good enough to grant the 5,000 Rupees for a first class Sanitarium, proposed in paragraphs 13 and 14 of the Board's Proceedings of 22nd August 1861, No. 4,594, it would meet these small bills and many other improvements, if placed at the discretion of the local Officers as proposed by the Board in paragraph 14 of the above Proceedings. As it was advisable on sanitary grounds to complete this work without delay, I advanced the necessary cost from other funds, and therefore solicit sanction at once for this small estimate.

ORDER THEREON, 6th February 1862, No. 219.

Referred to the Public Works Department, with reference to paragraphs 5 and 6 of the Order of Government dated 22nd October 1861, No. 2,025.

(True Extract.)

(Signed) J. D. SIM,
Secretary to Government.

Public Works, w

being 170 Rupees towards that in cost
of constructing 4 new wells, and 350
Rupees for erecting 3 latrines over the
main running stream at Gokreamund.

The question raised by the Collector in para 2 of his letter, viz for appropriating 5,000 Rs a year for sanitary purposes at that station, is a matter for the consideration of the Revenue Department in connection with the Collector's and Board's ^x proposal to set aside quit rent and sale proceeds of sites for the purposes contemplated.
