Dated

24 - 3 - 1862.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
24th March 1862.*

No. 387. Read the following letter from Captain H. R. MORGAN, Officiating Conservator of Forests, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Camp Avanashy, 30th June 1861, No. 541:—

SIR,

1. In 1856 Government sanctioned a Conservancy Department at an annual expenditure of Rupees 4,530.

2. The first Forests worked were those in Anamallai and Canara. These two Forests supplying first class timber to the Bombay Dockyard were managed by two Assistants, another Assistant was in charge of the Office, and the Conservator and his remaining two Assistants were occupied in surveying and reporting upon various Forests for the purpose of conservation.

3. 1857-58.—In this year enquiries regarding the conservation of various Government Forests were still vigorously prosecuted, and arrangements were made for the conservation of the Salem Jungles.

4. 1858-59.—In this year an Assistant with a small Establishment was placed in charge of the Salem Jungles, chiefly to assist the Railway Engineers to obtain timber for their work.

Sigúr Establishment.
1 Mootsaddy.
1 Headman.
6 Coorambers.
Nilgherry Establishment.
2 Foresters and 7 Peons.

Cuddapah Forest.
1 Assistant Conservator of Forests.
1 Overseer.
12 Peons.
Madura.
1 Overseer with temporary Establishment.

5. 1859-60.—In this year the following Forests were added to the Conservancy Department, and the Establishments as per margin were placed in charge of them and with the division of District, the Forests in Canara were divided into those of North and South Canara:—

Sigúr.

Neilgherry Sholas.

6. 1860-61.—In this year in addition to the Forests already enumerated, the following with Establishments, as per margin, were added to the Conservancy Department:—

Mudumallai.

Cuddapah.

Madura.

The Mudumallai Forest which had supplied nearly the whole of the timber to the Wellington Barracks, being a rented Forest, it was considered advisable to work it to its fullest extent, and to store the timber below for future demands on the Neilgherries.

Present state of the Conservancy Department and its prospects.—In Salem a complete system of conservation with rules has lately been organized, and these Jungles which have suffered much in supplying the enormous demand of Railway sleepers have some prospect of re-establishing themselves.

In Cuddapah a system of conservation has been introduced and satisfactory results may be anticipated.

In Madura also a system of conservation has been formed under the charge of a first class Overseer, and next year it will most probably be necessary to appoint an Assistant to the charge of the important Jungles in this District, which includes the Pulni Hills.

Anamallai.—The greatest part of this fine Forest has been rented from the Colungodi Numbady Rájá, and the lease has about six years to run, it is therefore very important that it should be worked to its fullest extent. Teak plantations have been formed in the Government part of the Forest.

Mudumallai Forest.—This Forest is also leased and is being worked vigorously, and the timber stored in large quantities below near the high road.

Sigúr Forest.—The Sandalwood of these Jungles has been worked, some sales have been effected, and the young trees have been attended to.

Nelambúr Teak plantations.—These most important Teak plantations cover an area of nearly 1,100 acres, and if carefully attended to, will in future years form an almost inexhaustible supply for our Dockyards, it will shortly be necessary to place a first class Assistant in charge of these very valuable plantations and other Government Forests in the neighbourhood. The planting of these 1,100 acres has been admirably conducted by the Native Sub-Conservator, Chatu Menon, but the thinning of them being beyond his abilities has been much neglected, and urgent measures are required.

North Canara.—This the most important of our Forests, has supplied the Dockyard and Public Works with a very large amount of timber, but owing to an inefficient and defective Establishment, the work does not proceed satisfactorily. After visiting the Forest it is my intention to recommend a complete revision of the present rules now in force and a considerable addition to the Establishment. The clearing of an important water communication, viz., the Kalanuddee river will give easy access to much fine timber. Teak plantations in various parts of North Canara have been formed.

South Canara.—The work in this Forest has hitherto been restricted to pruning valuable blackwood and teakwood trees and forming young plantations of teak.

Wainád.—There are many valuable teak Forests in this part of the country, but until the survey parties have completed their labors it is difficult to define the right to cut. It is expected that valuable Government Forests, after the survey is completed, will come under the control of the Conservator of Forests, in which case it will be necessary to have a second class Assistant solely for these Forests.

Neilgherry Sholas.—An efficient system of conservation has been established in these hills. Firewood is cheap and abundant, and the woods are no longer recklessly destroyed.

Cinchona plantation.—The 463 Succirubra plants brought by Mr. Cross and some 800 which have germinated (from seeds sent by Mr. Markham) in the Glass House of the Ootacamund gardens promise in another year to afford an abundant supply of plants to stock our plantations, and this important experiment has every prospect of being successfully carried out. At the Neddivattam site on the Neilgherries we have 300 acres of Forest ground suitable for the Succirubra.

At the Avalanche site there are 500 acres available for the various kinds of quinine yielding Cinchona.

At the Devi Shola, 7 miles from Ootacamund, there are 1,000 acres suitable. It will be after necessary to appoint a first class Assistant with skilful gardeners to supervise these important plantations.

Wellington, Firewood plantations.—The progress of these plantations (consisting of eucalyptus trees common to Australia) has been slow. It is hoped that some years hence they may supply firewood and poles for hut building to the inhabitants and Soldiers at Wellington and Coor.

From the annexed statement it will be observed that a net profit of 6½ lacs of Rupees is in beyond the value of timber in store estimated at more than two lacs, and as strict conservancy of the several valuable Forests is the main object of Government, I trust that the proposed Establishment proposed in the accompanying Tabular Statement may be sanctioned.

338. ORDER THEREON, 24th March 1862, No. 645.

Existing Establishment.....	rs. 5,411
proposed do. as shown by the Statement	7,064½
required in this Office.....	1,653½
requiring sanction.....	

Ordered that a Tabular Statement of the increased Establishment required for the Forest Department as admitted at different times by Government and as appears to be called for by the existing necessities of that Department,

prepared in the usual form, and submitted to the Government of India for their sanction, the following application:—

(Signed) J. D. SIM,
Secretary to Government.

Ordered that the following letter be despatched.

339. From J. D. SIM, Esq., Secretary to the Government, of Fort Saint George, to the Secretary to the Government of India, dated 24th March 1862, No. 646.

Government of India, 2nd September 1856, No. 922.

Indorsement, 17th November No. 1,485.

SIR,
1. On an application from this Government, representing the advantages to be derived from the forests of this Presidency being placed under one systematic Conservancy, the Government of India of were pleased in their Financial Resolution of the 7th November 1856, No. 4,950, to sanction an Establishment for

the purpose at a maximum cost of 4,530 Rupees, being 3,326 Rupees above that of the different miscellaneous and petty Establishments employed under the Collectors in the Districts of Canara, Malabar and Coimbatore, where alone any Conservancy then existed.

2. The Conservancy Establishment thus sanctioned was not, however, entertained at once; on the contrary, a large part of the sanction was long unemployed; but as the operations of the new Department expanded, it became necessary from time to time to enlarge the Establishments occupied in conserving the different forests, or to extend similar skilled superintendence to others as their importance came to view. The limits of the sanction have now been reached, and it has become necessary to apply for an enlarged agency.

3. But it must be borne in mind that the cost of the Establishments is not mere expenditure without return; the Forest operations are abundantly profitable, and have yielded a net profit of 7,78,000 Rupees in five years, or more than a lac and a half on the average every year. There is besides a stock of timber on hand worth nearly four lacs of Rupees. While the Conservancy has thus proved a source of considerable profit to the Government, it must not be forgotten that the chief object of its constitutions was to arrest the wholesale waste of timber, which had been going on for many years in the absence of any systematic conservation, and which if not vigorously checked, threatened to make timber for building purposes, and even for fuel, extremely scarce and dear.

4. The existing Establishment may be stated at 5,411 Rupees. The application in the prescribed form which I am now directed to submit, is framed for an Establishment of 7,064½ Rupees or an increase over the existing one of 1,653½ Rupees per mensem. Of the increase Rupees 390 is owing to provision for fixed travelling allowances for such of the Assistants and Overseers as have ranges which involve much travelling. The salaries of the

ASSISTANT.		RS.
1st Class.....		400
2nd do.....		300
2nd do.....		200
Overseers from 60 to 100 Rupees each.		
1st and 2nd Class Assistants	90 a month.	
3rd " "	60 "	
Overseers.....	80 "	

Assistants and Overseers are very small, their duties are onerous and extremely trying to their health. It is just and really necessary that those who have much travelling should have an allowance to cover the expenses of moving about, and the Government are clearly of opinion that less than the sums marginally noted will not suffice. They are also of opinion that a moderate fixed allowance is under the circumstances better than one payable only when on the march, because these officers from the nature of their duties are seldom stationary, and must constantly keep up their travelling equipments. It also includes a small increase of 10 Rupees for the Salem Jungle's Establishment, because in the recent application sanctioned by the Government of India, the Conservator erroneously entered the Overseer's pay at 80 instead of 90 Rupees.

5. The Establishments in which increases are now proposed, and the amounts of such increase are shown in the subjoined statement:—

Establishment.	Present cost.	Proposed cost.	Increase.	Decrease.
Conservator's Establishment ...	1,863	1,978	115	...
North Canara do. ...	355	455	100	...
Ankola Taluq do. ...	140	186	46	...
Supa Taluq do. ...	156	264	108	...
Sunda Taluq do. ...	115	114	...	1
Salem Jungles do. ...	685	755	70	...
Segoor and Mundumalloy do...	50	683	633	...
South Canara do. ...	80	207½	127½	...
Madura do. ...	80	227	147	...
Cuddapah do. ...	212	432	220	...
Wainád do. ...	100	188	88	...
Total increase.....			1,654½	1
Deduct decrease.....			1	...
Net increase per mensem...			1,653½	...
Total increase per annum ...			19,842	...

The Establishments that are not affected in cost by the proposed improvement are the following:—
Cost per mensem.

Annamalloy Establishment.....	Rupees 661
Wellington do.	95
Neilgherry do.	319
Nellumboor do.	500

6. I am directed to submit the strong recommendation of this Government that the enlarged Agency now applied for may be sanctioned. The cost of it will be more than recovered even in direct returns, independently of the great advantage to the State and the public, in the preservation from waste, and perpetuation for future use, of the forests of valuable timber which this Presidency possesses. Provision has been made in the Supplemental Budget for 1861-62 and the Budget for 1862-63 for the increased expenditure involved. I am also to request that retrospective sanction may be granted for an Accountant in the Office of the Conservator of Forests on a salary of Rupees 50 per mensem, and for a portion of the Cuddapah Establishment at a monthly cost of Rupees 110 per mensem, the former from 1st November 1861, and the latter from the 15th April 1861. The accounts of the Department have so greatly increased that it was found utterly impracticable efficiently to transact the business of the Conservator's Office without the assistance of an Accountant. In fact, however, only a moiety of the salary of the Accountant is an additional charge on the State, as the other half is covered by the pay of a second Draughtsman whose services were dispensed with. The Cuddapah Establishment was also very urgently required to meet the very great demand for timber by the Railway authorities and preserve the Forests from spoliation.

7. The submission of this application, I am to explain, was delayed in order that the whole Forest Establishment might be carefully revised. This has now been done, and the Government can with confidence recommend the changes here proposed.

Salem Forests. These Forests came next under Conservancy and Govt. were pleased in Govt. No. 1514 dated 10 November 1858 to authorize the permanent employment of Mr. Blinkinsop as Asst. Conservator of Forests on a salary of Rupees 200

Probationary
Govt. No. 13 Aug 1860
No. 1137.

Temporary
Govt. No. 9 July 1859
No. 943 Para 2.

Govt. were further pleased in their Order No. 926 dated 5 May 1859 to sanction the permanent employment of an Overseer and four Deonts, the former on Rupees 60 and the latter on Rs. 2 each. 2.
Eight peons were sanctioned in addition as temporary by their Order No. 357 dated 18 March 1859, but paid from the permanent grant at Rs. 2 each per mensem 4.
Deukincottab. Govt. in Order No. 1209 dated 2^d August 1860

were pleased to sanction the establishment of an Overseer for charge of the sandalwood jungles in this taluk on Rs. 60 " "

our Forests. Govt. in their Proceedings dated 16 May 1859, No. 668, were pleased to order that these Forests should be added to the general conservancy and granted an Establishment of 50 " "

the Canara. Govt. in their Proceedings dated 27 March 1860 No. 464, Para 2, were pleased to authorize the employment of an Overseer for the Conservancy of these Forests on Rs. 80 " "

Australian Plantations Govt. were pleased to authorize the appointment of an Overseer to be in charge of these Plantations in Order No. 565 of

14th April 1860, although the salary is Rs. 80 a month yet it will be observed from Para 2 of the above order that Horeo Allowance viz. 15 Rs. was to form a charge against the permanent grant, thus making his salary - Rupees 95 "

Madura An Oversee was appointed to the charge of the Forests in this District by Order of Govt. No. 848 dated 25th May 1860 on a salary of Rs. 80 "

Guddipah Forests. In Procs. of Govt. No. 1382, dated 17 August 1860, Para 3, An Assistant was appointed for the Conservancy of these Forests on Rupees 200 " and two Deons on Rs. 12 "

Travelling Assistant. Govt. were

pleased in this Proc. No. 943, dated 7th June 1860, Para 4, to authorize the appointment of a Travelling Assistant for exploring the several forests, and were further pleased to confirm the same in the appointment of Lieut. Beddome in Proc. No. 1302 dated 17th August 1860 Para 2 on Rs. 400 "

Henry Sholis. In addition to the Oversee then in charge (Rs. 35 salary) Govt. were pleased in Proc. No. 1425 dated 20th March 1860 Para 10 to sanction the entertainment of another Oversee, and in Proc. No. 1161 dated 13th July 1860 to fix his salary also at Rs. 35, thus making a total of Rs. 70 " and further in Proc. No. 1408 dated 22nd August 1860 to sanction the increase of the salaries of the seven Deons from Rupees 35 to Rs. 40 "

An Assistant was appointed to this range in the person of

8th Major Bakington by G.O. S.

2nd November 1860 on Rupees -

12	"	"			
4,530	"	"			

Amount expended Rs.

Amount yet available Rs.

Original grant Rs.

There are yet Rupees 12 available, and which may be carried to the proposed increase contemplated by the Conservator of Forests.

Note

The amount sanctioned for the Conservancy of the Wynad Forests, viz Rupees 143 being the one third of the amount to be borne by the Madras Govt. is not included in this Statement, as I maintain, that the Order of Govt. No. 1641 dated 18 September 1860 soliciting the employment of a second Class Assistant, on the Confirmation of the Govt. of India of the above, recorded in Pro. No. 2297 dated 4 Decem^r 1860, per G.O. No. 35 dated 8 Jan^y 1861 sanctioning the Establishment, does not allude in the most distinct manner to the debiting of this amount to the Rs. 4,530, - it is rather referred to as a separate and distinct sanction. I therefore, say that

Memorandum

The proposed increase to the Establishment of the Forest Conservancy Department is as follows:

South Canara.

Application was made for the entertainment of

3 Duffadars @ Rs. 10-8-0 each	Rs. 31-8-0
11 Peons @ Rs. 6 each	66-0-0
Increase of the Pay of the Over- seer from Rs. 80 to Rs. 110	30-0-0
	<hr/> 127-8-0

Govt., however, in their Proceedings No. 1820 dated 8 October 1860 Para 2 called for further information as to the advantage to the Revenue expected to result from the proposed increase. In Letter No. 219 dated 11 October 1860 it was explained that Mr. Thompson had charge of the whole of South Canara, in which District there are fine tracts of young teak and blackwood forests which require considerable

Rs. 1610/62-

In a letter from the Mr.
Govt. of South No. 541/97
30 June 1861.

increases and additions involving an increase of Rs 120-8, thus making a total of Rs 539. The above was submitted for the approval of Government together with report on the Forests in Letter No 388 dated 23rd Feb 1861.

Government, however, were pleased in their Proceedings dated 7th March 1861 No 517 to direct that the above Report and Tabular Statement should first receive the concurrence of the Collector of the District which was accordingly done. The Collector proposed that in addition to the present Establishment or (Rs 418-8-0) the Conservancy Department should take over the taluk peons on the ground that they could no longer be spared for forest duties, and which amounted to Rs 95-8-0, thus making a total of Rupees 514-0-0. This sum together with the additions subsequently proposed viz Rs 105-0-0, amounted in the

aggregate to Rupees 619 which was temporarily sanctioned by the Government in their Proceedings No 970 dated 30th April 1861 Paras 5 and 6.

In Para 6 of the above Order, the Acting Conservator was desired in communication with the Collector to report which Establishment would be sufficient for an Effective Conservation, and which was accordingly submitted in Letter No 510 dated 10th June 1861 as follows.

1 Asst. Const. of Forests	Rs 200

Office Estab^t of the Const^s of Forests.

The system of accounts having been altered by

order of the Board of Revenue in Procs. No 4364 dated 25th Sept^r 1860 from the commencement of the official year 1860/61, and as Bills of particulars which had to pass through the office amounted to Rs 15000 a month, the Offg. Const^s of Forests applied to Gov^t for an Auditor on Dec^r 7th in Letter No 319 dated 31st Decem^r 1860. This application was referred to the B^d of Rev^y by G. O. 29th Jan^y 1861 No 230. The Board in their Procs. No 707 of 8th Feby 1861 called for further information on the subject which was submitted by the Offg. Const^s of Forests

1069

Nallambar Lake Formerly the Establish^t

Plantations ment for the extension and Conservancy of these Plantations was paid by the Collector from the sale proceeds of thinnings &c, and the difference borne as a Contingent Charge in the Collector's books. Now that they have come under the immediate control of the Const^s of Forests, and an Annual sanctioned viz Rs 6000 per annum subject to the confirmation of the Gov^t of India, it will be well to include the cost of the Establishment as a permanent charge. The revised list as proposed by the Offg. Const^s of Forests in his letter No 69 dated 16 May 1861 is as follows. G O

Stamps Rs 155 B

1 Sub Conservator _____ Rs 50. "-
 1 Dy _____ " 17. 8. "-
 1 Head Duffadar _____ " 15. "-
 2 Duffadars @ Rs 9 each _____ " 18. "-
 1 Kumbast _____ " 10. "-
 1 _____ " 9. "-
 6 Deons @ Rs 6 each _____ " 36. "-

Carried forward No 191. 8-

x vii. 26. 9. 11. 1865 dated 12th October 1860.

in letter N^o 385 of 22nd Feby 1861. The Board in their
 Pros. suggested "that the pay of the second Draught
 man (which office is vacant) be raised from N^o 25
 to 50, and that a Competent Accountant should
 be engaged for the work of examining the accounts
 and that if the Offg. Const^y of Court concurred,
 the Board will address Govt on the subject. The
 Offg. Const^y, however, in letter N^o 432 of 8 April 61,
 explained that as no special audit was required,
 an Accountant on N^o 50 a month would be suf-
 ficient but that if the office were to be only
 temporary, no efficient Accountant could be
 had. This was again submitted to Govt by
 the B^d in Pros. N^o 2216 of 1 May 1861 recorded
 in Pros. of Govt N^o 1016 of 11 May 1861 wherein
 the Offg. Const^y was requested to submit a Tabu-
 lar Statement for transmission to the Govt of
 India w^{ch} was accordingly done in letter
 N^o 481 of 25 May 1861. --- Papers 25 "

The Offg. Const^y in Para 2 of letter N^o 387
 dated 23 Feby 1861, solicited an Increase
 to the salary of the Head Clerk and
 explained his reasons for so doing. W^{ch}
 and reiterated the request in N^o 481 of 20 May 1861

45 "

Assistants and Overseers
who have to travel.

The Offg. Conservator
 in letter N^o 295
 dated 20 Dec^r 1860 brought to the no-
 tice of Govt the difficulties under
 which the Assistants in the Depart-
 ment labored from not being allowed
 their travelling expenses. Govt were
 pleased in Pros. N^o 343 of 14 Feby 1861
 to take into consideration the
 trying nature of the duties to be per-
 formed by them, the small amount
 of pay they receive and the impor-
 tance of a zealous discharge of their
 duties, and resolved to recommend
 to the Govt of India that such of them
 as have ranges w^{ch} involve much
 travelling shall be allowed travel-
 ling allowance at the rates noted in
 the margin. and that these allow-

Revenue Department. Statement of Increase to Establishment

Excerpt
from House
Depart. of
Government
of India

Vide letter to
the Secy to the
Govt of India
dated 23 March
1861. F. 46.

5 Copy
22/11/56
To

Revenue Department
No 646
The Secretary to the Government of India,
Sri,

1 On an application from
To Govt of India, 2^d Sept/56, No 922. this Government, representing
the advantages to be derived
from the forests of this Presi-
dency being placed under one
systematic conservancy, the
Govt of India were pleased
in their Financial Resolution
of the 7th Nov^r/56, No 4950,
to sanction an Establishment
for the purpose at a maximum
cost of 4,530 Rs, being 3326 Rs
above that of the different
miscellaneous and petty estab-
lishments employed under the
Colts in the Districts of Coimbatore,
Malabar, and Coimbatore, where
above any conservancy there

Wd

Wd

existed

existed.

2 The Conservancy Estab-
lishment thus sanctioned
was not however entertained
at once; on the contrary a large
part of the sanction was long
unemployed; but as the operati-
ons of the new Depart^t. expanded,
it became necessary from time
to time to enlarge the establish-
ments occupied in conserving
the different forests, or to extend
similar skilled superintend-
ence to others as their import-
ance came to view. The limits
of the sanction have now been
reached, and it has become neces-
sary to apply for an enlarged
agency.

3 But it must be borne
in mind that the cost of
the

the establishments is not
mere expenditure without
return; the Forest operations
are abundantly profitable,
and have yielded a net
profit of 7,78,000 Rs. in five
years, or more than a lac
and a half in the average
every year. There is besides
a stock of timber on hand worth
nearly four lacs of Rupees. While
the Conservancy has thus proved
a source of considerable profit to the
Gov^t. it must not be forgotten
that the Chief object of its
constitution was to arrest
the wholesale waste of timber,
which had been going on
for many years in the ab-
sence of any systematic
conservation, and which
if not vigorously check-
ed, threatened to make
timber

timber for building purposes, and even for fuel, extremely scarce and dear.

5 The existing Establishment may be stated at 5,411 L^{rs} .

The application in the prescribed form which I am now directed to submit, is framed for an Establishment of 7,064 $\frac{1}{2}$ L^{rs} or an increase over the existing one of 1,653 $\frac{1}{2}$ L^{rs} per mensem.

Of

Of the increase R^{d} 390 is owing to provision for fixed travelling allowances for such of the assistants and Overseers as have ranges which involve much travelling. The salaries of the assistants and Overseers are very small. their duties are onerous and strenuously trying to their health. It is just and really necessary

Assistant.	R^{d}
1 st class	400.
2 nd L^{rs}	300.
3 rd L^{rs}	200.
Overseers from 60 to 100 each	

necessary that is
 those who have
 much travelling
 should have an
 allowance to cover
 the expenses of
 moving about.
 and the Govern-
 ment are clearly
 of opinion that
 less than the
 sums marginally

noted will not
 suffice. They are
 also of opinion
 that a moderate
 fixed

Ad.
 1st & 2nd class Assistants 90.
 3d " " " 60.
 Overseers, 30.

fixed allowance
 is under the cir-
 cumstances
 better than one
 payable only when
 on the march - be-
 cause these
 officers from the
 nature of their
 duties are seldom
 stationary and must
 constantly keep up
 their travelling &
 equipments. It is
 also included
 a small increase
 of

of 10 Rupees for
the Salem jungles
Establishment, be-
cause in the re-
cent application
sanctioned by the
Government of

India the conservator
unsuccessfully entered
the overseer's pay at
80 instead of 90 Rupees.

6. The Establishments
in which increases
are now proposed, and
the amounts of such
increase are shown
in the subjoined statement.

Establishment	Current Cost	Proposed Cost	³² Increase	Decrease
Conservator's Establishment	1863	1978	115	"
North Canara D ^o	353	455	100	"
Arkolow Talug. D ^o	140	186	46	"

Deduct decrease	1	"

Total Increase per mensem	1653 1/2	"
Total Increase per annum	19,842	"

2 1/2
16

The establishments that are
not affected in cost by the pro-
posed improvement are the
following.

	Cost per mensem R ^s
Annammallay Estab ^t	661
Willington D ^o	95
Nelgherry D ^o	319
Nellumbor D ^o	500

7 I am directed to submit the strong recommendation of this Gov^t, that the enlarged Agency now applied for may be sanctioned. The cost of it will be more than recovered even in direct returns, independently of the great advantage to the State, and the public, in the preservation from waste, and perpetuation for future use, of the forests of valuable timber which this Presidency possesses. Provision has been made in the Supplemental Budget for 1861/62 and the Budget for 1862/63. for the increased expenditure involved.

I am also to request that retrospective sanction may be granted for an Accountant in the office of the Conservator

of

1 Overseer	Rs 60
10 peons	50
Total	110

of Forests on a salary of ³⁴Rs 50 per Mensem and for a portion of the Luddapato Establishment: ment at a monthly cost of Rs 110 per Mensem the former from 1st November 1861, and the latter from the 15th April 1861. The accounts of the Department have so greatly increased that it was found utterly impracticable efficiently to transact the business of the Conservator's office without the assistance of an accountant. In fact however only a moiety of the salary of the accountant is an additional charge on the State, as the other half is covered by the pay of a second draughtsman whose services were dispensed with. The Luddapato Establishment was

6-

also

also very urgently engaged to
meet the very great demand
for timber by the Boulay au:
:thorities and preserve the Fo:
:rests from spoliation.

The ^{submission} of this application
I am to explain was delayed
in order that the whole Forest
Establishment might be carefully
revised. This has now been
done and the Government can
with confidence recommend
the changes here proposed.
