‡ No. 1,384, dated 28th February 1862, paragraph 2.

§ No. 151, dated 9th October 1861.

1. I have the honor to forward for submission to Government, a Plan, Specification and Estimate amounting to Rupees 600, for constructing a Salt Pan Kacheri at Arasadi, in the District of Tinnevely, prepared at the request* of the Collector, and approved† of by the Board of Revenue.

2. The Estimate provides for the construction of a room 16 feet long by 10 feet broad, with a front and back verandah 6 feet wide, supported on eight pillars, with a tiled roof.

3. The space allotted for the back verandah, as noted by the Board‡ of Revenue, can be made available for the shelter of the manufactures and merchants, as reported§ by the District Engineer, in the case of the Tuticorin Salt Pan Kacheri—*Vide* Endorsement No. 6,335, dated 24th October 1861.

4. The Estimate has been examined in this Office and found correct. The rates given in it are those prevailing in the Tinnevely District, and are moderate, but sufficient to carry out the work. I request therefore that Government will be pleased to sanction the work for immediate execution, the amount, viz., Rupees 600, to be defrayed from the general funds placed at the disposal of the District Engineer for expenditure during the current official year.

No. 69.
