No. 190. *PROCEEDINGS OF THE MADRAS GOVERNMENT.*

Dated 11th April 1862, *No.* 812.

Read again Proceedings of the Board of Revenue, dated 27th February, No. 1,369, and recorded in Proceedings of Government, 14th March 1862, No. 576 :—

1. With these Proceedings the Board of Revenue submit a revised scale of Establishment for the Madras Sea Customs Office, as directed in paragraph 16 of the Order of Government, dated 1st November last, No. 2,087.

2. The revision has been very carefully effected in communication with the late Acting Collector Mr. Collett and the Collector Mr. Shubrick.

3. The Governor in Council approves of the proposed transfer of the Department of External Commerce to the Board's Office; but sees nothing in this change to render the services of an additional sweeper necessary. The Board will take care that the prescribed Returns are correctly and punctually submitted. The preparation of these Statements in their own Office will enable the Board to exercise a proper control over the proceedings of the Collectors, and keep them acquainted with the condition of the trade of the Presidency.

4. With the exception noted in paragraph 3, the Governor in Council accepts the revised scheme proposed by the Board.

5. Application will now be made for the sanction of the Supreme Government to entertain the proposed Establishments for Madras and for the Provinces as shown in the margin* from the 1st May next, the necessary provision having been made in the Budget for 1862-63. The result is a net increase of Rupees 8,556 per annum, but it will be explained to the Supreme Government that the increasing trade and Customs Revenue of the Presidency and the enhanced cost of qualified and trustworthy agency render this inevitable. It will also be pointed out that within the last two years the cost of the Covenanted agency in the Madras Office has been reduced by Rupees 23,600† annually; and if this be taken into account, as it fairly may be, the proposed Establishments are really less expensive than those entertained two years ago as shown in the margin.‡

†	Per annum.
Collector's salary up to April 1860	40,800
Deputy do. do.	18,000
	58,800
Collector's present salary	28,000
Deputy do do.	7,200
	35,200

‡	Per annum.
Sanctioned Establishment including Collector's and Deputy Collector's pay up to April 1860..	1,69,620
Proposed do. including Collector's and Deputy Collector's present pay	1,54,576
Decrease...	15,044

6. The total cost of the new Establishments, viz., Rupees 1,54,576 per annum amounts, it is observed, to 6·04 per cent. on the Revenue of 1860-61, and ·23 per cent. on the official value of the trade of that year.

7. The Government remark that the sanctioned scale of Establishment has not hitherto been adhered to in the Madras Office. This is altogether irregular and must be prohibited. The departure from rule ought to have been detected and reported by the Audit Office.

8. The District of North Canara, owing to its approaching transfer to Bombay, has been omitted from the present scheme.

9. Mr. Pelly will be requested to submit the result of his revision of the Land Customs Establishments as soon as possible.

(Signed) J. D. SIM,
Secretary to Government.

Ordered that the following letter be despatched.

No. 191. From J. D. SIM, Esq., Secretary to the Government of Fort Saint George, to the Secretary to the Government of India, dated 11th April 1862, No. 813.

SIR,

1. In Mr. Bourdillon's letter of 14th September 1860, No. 1,596, the Government of India were informed that this Government had resolved upon a revision of the Revenue Establishments of this Presidency generally, and that they had entrusted the duty to Mr. Pelly, a Member of the Board of Revenue. As part of this plan, I am directed to submit for the consideration of the Government of India, the correspondence noted in the margin regarding the Sea Customs Establishments at Madras and the Out Ports.

From Mr. Pelly, 7th May 1860, No. 269.
Procs. of Govt. 16th June ,, ,, 1,090.
From Mr. Pelly, 12th July 1861, ,, 992.
Procs. of Govt. 1st November ,, ,, 2,087.
From Hon. Mr. Pelly, 31st Jan. 1862, No. 1,159.
Procs. of Govt., 11th April 1862, No. 811.
Procs. Board of Revenue, 27th Feb. 1862, No. 1,369.
Procs. of Govt., 14th March ,, ,, 576.
Do. 11th April 1862, No. 812.

2. The necessity of the proposed reform cannot be better illustrated than by a few examples of the present state of matters. For instance, Cocanada with a trade worth 22½ lacs and a Revenue of Rupees 33,000, has a Customs Superintendent on only Rupees 25 monthly Tuticorin with a trade of 21 lacs and a Revenue of Rupees 14,000, has a similar Officer on Rupees 24. Bimlipatam with a trade of 29 lacs and a Revenue of Rupees 37,000, has a Superintendent on Rupees 40.

3. These and various similar anomalies have long called for a remedy, and the Government can with confidence recommend the Establishments now proposed.

4. The Provincial Establishments were framed by Mr. Pelly; the Madras Office was revised by the collective Board of Revenue.

5. The following is a brief abstract of the proposed changes.

6. The Madras Sea Customs Office as now sanctioned costs Rupees 55,092 annually, exclusive of the Collector and Deputy Collector; that proposed will cost Rupees 50,244 or Rupees 4,848 less.

7. The Collector of Sea Customs has beside a special Establishment costing Rupees 6,228 annually, for the preparation of the annual statements of the trade of the whole Presidency and the Returns required by the Supreme Government. It is proposed to transfer this duty to the Board of Revenue who prepare all similar Returns of the other sources of Revenue, who can control the Collectors in the discharge of their duty, and who ought to be kept regularly cognizant of the state of trade. This arrangement has the further advantage of being economical, as an Establishment of Rupees 5,244 will suffice, and an annual saving be effected of Rupees 984.

8. In the Provinces there are altogether 88 Ports at present. Many of these are close together, and a considerable number at present have little or no foreign trade, though of necessity they must have establishments as they cannot be closed without injury to the coasting trade. By uniting the Ports in convenient groups, the number for which Establishments are required has been reduced to 60.

North Canara has been omitted owing to its approaching transfer to Bombay.

9. The Ports have been arranged in seven classes, according to their trade and revenue, and each has allotted to it an Establishment suited to its requirements.

10. Four grades of Superintendents are proposed with salaries of Rupees 100, 85, 70 and 50, and three of Assistants with salaries of Rupees 30, 20 and 15. These are the Officers who hitherto have been so inadequately paid considering their onerous duties and the trust necessarily reposed in them.

11. The subordinate servants consists of Clerks, Weighers, Peons and Sweepers. The number of these and their salaries have been fixed on as moderate a scale as is consistent with efficiency.

12. The Provincial Establishments now maintained cost Rupees 4,125 per mensem. Those proposed will cost on the whole Rupees 5,324 per mensem, or Rupees 1,199 in excess.

13. Against this increase, however, has to be set the decrease in the Madras Office and in the Reporting Department of Rupees 486, so that the net increase consequent on the changes now proposed is only Rupees 713 monthly or 8,556 per annum.

14. Further it must be borne in mind that the Government have of late made considerable reductions in the cost of the Staff at Madras, which may fairly be taken as a set off against the present increase. The salary of the Collector has since 1860 been reduced from Rupees 40,800 to Rupees 28,000, and that of the Deputy Collector from 18,000 to Rupees 7,200 the aggregate saving being Rupees 23,600.

15. The total charge for the Sea Customs Establishments of the Presidency will now amount to Rupees 1,54,576 per annum being 6·04 per cent. on the revenue of 1860-61, and 23 per cent. on the official value of the trade.

16. The present scheme has been very carefully considered in all its details, and it certainly is not more expensive than efficient and honest administration render necessary. The Customs Revenue and Trade of the Presidency have largely increased of late years, and the cost of qualified and trustworthy agency has also arisen; yet notwithstanding these circumstances the entire Establishment now proposed in reality costs less by Rupees 15,044 yearly than that entertained two years ago.

	Per Annum.
Sanctioned Establishment including Collector's and Deputy Collector's pay up to April 1860	1,69,620
Proposed do. including Collector's and Deputy Collector's present pay	1,54,576
Decrease...	15,044

17. The necessary provision for the proposed Establishments has been made in the Budget for 1862-63, and I am directed to request the sanction of the Supreme Government for their entertainment from the 1st May next.

18. The requisite Tabular Statement is herewith submitted.

19. A separate report will be made hereafter on the Land Customs Establishment which is now being revised.

No. 813

Pro. of Madras Government.
Dated 11th April 1862.

Transmitting to Supreme Government Correspondence regarding the Sea customs Establishments at Madras and the Out Ports.

No. 190-191.

Note-
on Proceedings Board of Rev 27 February recorded in G. O. 11 March 1862 No 576.-

1 In these Proceedings, the Board submit a revised Scheme for the Establishment of the Madras Sea customs- that for the Provinces had already been disposed of by Govt-

× G. O. 1st Nov 1861 No 2087

2 The Board's scheme is the result of very careful consideration in communication with the late Acting Collector Mr Collett and the present Collector Mr Shubrick- the Govt I presume will be content to accept it generally, especially as it causes a considerable saving (Rs 404 monthly) which

shield will be found
Meeting the inevitable
increase of expenditure
in the Provinces.—

3 It will be seen
that the sanctioned Scale
of Establishment has not
hitherto been adhered
to.— This is against all
rule, & it is surprising
how it escapes notice
in the office of Audit.—

4 The Board's pro-
position to take the pre-
paration of the Trade
Returns into their own
office seems good—and
will cause a large saving.—
They are in fact the pro-
per authority for pre-
paring general State-
ments of all branches
of the Revenue, and can-
not properly discharge
their duties without having
such returns before them.—

5 The only
modification

I am in favour of letting the Board's proposals stand—in fact the nature of the Inspectors duties as described by the Bd in Para 10, make one thousand Rs 200 not unsuitable for that Officer Ele

Give the person for doing what the Inspectors proposed to do, the Rs 200 proposed, as the Rs 150 have been reduced—the Rs 50 to the Sweeper Ele

With the exception of the ten Rupees above noted I concur in the Deputy-Secretary's remarks Ele

modifications that oc-
cur to me are the
following:—

6 The Manager now
gets Rupees 200—the Board
propose 225—the In-
spector now gets 150—the
Board give 175—In
both cases seem quite suffi-
cient—

7 The transfer of the
Small Establishment for
the Trade Returns to the
Board's office can scarcely
be rendered a saving and
Sweeper necessary.—

8 If these items
are disallowed, there
will be a further saving
of Rupees 744 annually.—

9 I beg to submit
a draft G.O.—a letter
and one to the Komg Govt
to the Supreme Govt—from
which on the above sug-
gestions, for consider-
ation.—

Under date the 11th April 1862.

Read again Proceedings of the Board of Revenue dated 27th February
No 1369
and recorded in Proceedings of Government 11th March 1862
No 576

1. With these proceedings the Board of Revenue submit a revised scale of Establishment for the Madras Sea Customs Office as directed in para 16 of the order of Government dated 1st November last No 2087.

2 The revision has been very carefully effected in communication with the late Acting Collector Mr Collett and the Collector Mr Shubrick.

3 The Governor in Council approves of the proposed transfer of the Department of External

Commerce

Commerce to the Board's
Office; but sees nothing
in this change to render
the services of an additional
~~Peon and~~ sweeper necessary.
The Board will take
care that the prescribed
returns are correctly and
punctually submitted.
The preparation of these
statements in their own
Offices will enable the
Board to exercise a proper
control over the proceedings
of the Collrs, and keep
them acquainted with
the condition of the Trade
of the Presidency.

~~4 The Governor in
Council does not see
reason to increase the
salaries of the Manager
and Inspector. The Collr
they now receive Rs 200 p
is not considered.~~

accepts the revised scheme
proposed by the Board.

~~5~~ Application will
now be made for the
sanction of the Supreme
Government to entertain
the proposed establishments
for Madras and ~~for the Pro~~-
vinces as shewn in
the margin from the
1st May next, the ne-
cessary provision having
been made in the Budget
for 1862/3. The ~~increase~~
is a net increase of
Rupees ~~7872~~ 8556 per
annum - but it will
be explained to the Supreme
Government that the
increasing Trade and
Customs Revenue of
the Presidency and the
enhanced cost of a
qualified and trustworthy
agency render this
inevitable - It will
also be pointed out that
within the last ~~10~~ 20 years
the cost of the Covenanted
agency

agency in the Madras Office has been reduced by Rupees 23,600 annually; and if this be taken into account, as it fairly may be, the proposed Establishments are really less expensive than those entertained two years ago, as shown in the margin. The total cost of the new establishments is Rs. 154,576 per annum, which it is observed to be 7.04 per cent on the Revenue of 1860/61 — and 23 per cent on the official value of the Trade of that year.

7. The Government remark that the sanctioned scale of establishment has not hitherto been adhered to in the Madras Office. This is altogether irregular and must be prohibited. The departure from rule ought to have been detected and reported by the Audit Office. The District

No 813.

To The Secretary to the
Government of India.

Sir,

1. In Mr Bonrdillon's letter of 14 September 1860 No 1596 the Govt of India were informed that this Govt had resolved upon a reversion of the revenue establishments of this Presidency generally, and that they had entrusted the duty to Mr Pelly a Member of the Board of Revenue. As part of this plan, Govt directed its attention for the consideration of the Govt of India the correspondence noted on the margin regarding the Sea Customs Establishments at Madras

and the Outports.

2. The necessity of the proposed reforms cannot be better illustrated than by a few examples of the present state of matters. For instance, Cocanada with a trade worth 22⅓ Lacs and a Revenue of Rupees 33,000, has a Customs Superintendent on only Rs 25 monthly. Tuticorin with a trade of 21 Lacs and a revenue of Rs 14,000, has a similar Officer on Rs 24. Bunderpalam with a trade of 29 Lacs and a revenue of Rs 37,000 has a Superintendent on Rupees 40.

These

3. These and various similar anomalies have long called for a remedy, and the proposed reforms will be completely reconciled to the establishments now proposed.

4. The Provincial Establishments were framed by Mr Petty, the Madras Office was revised by the collector and the Board of Revenue.

5. The following is a brief abstract of the proposed changes.

6. The Masulipatam Customs Office as now sanctioned costs Rs 3504 annually exclusive of the Collector and Deputy Collector: that proposed will cost Rs 5044 ~~4848~~ or Rs ~~1804~~ 1540 less

7. The Collector of Sea Customs has besides a special Establishment costing Rs 6298 annually for the preparation of the annual Statements of the trade of the whole Presidency and the Returns required by the Supreme Govt. It is proposed to transfer this duty to the Board of Revenue who prepare all Simi Can Returns of the other sources of Revenue who can centralize the Collections into the discharge of their duty, and who ought to be kept regularly cognizant of the state of trade. This arrangement has the further advantage of being economical as an Establishment

North Canara has been omitted owing to its approaching transfer to Bombay.

blishment of Rs 5244 will suffice, and an annual saving be effected of Rupees 984.

8. In the Provinces there are altogether 88 Ports at present. Many of these are close together, and a considerable number at present have little or no foreign trade. This of necessity they must have establishments as they cannot be closed without injury to the coasting trade. By uniting the Ports in convenient groups, the number for which establishments are required has been reduced to 60.—

9. The Ports have been arranged in seven

seven classes, according to their trades and revenue and each has allotted to it an establishment suited to its requirements.

10. Four grades of superintendents are provided with salaries of Rs 100, 85, 70 and 50, & three of Assistants with salaries of Rs 30, 20 and 15. These are the Officers who hitherto have been so much quarrelled with considering their onerous duties and the trust necessarily reposed in them.

11. The subordinate servants consists of Clerks, Weighers, Peons and Sweepers. The number of these and their salaries have been fixed on as moderate a scale as is consistent with effe-

12. The Provincial Establishments now maintained cost Rupees 4,120 per mensem. Those proposed will cost on the whole Rs 5324 per mensem, or Rs 1199 in excess.

13. Against this increase however has to be set the decrease in the Madras Office and in the Reporting Department of Rs 486 so that the net increase consequent on the changes proposed is only Rs 666 monthly or 7992 per annum.

14. Further it must be borne in mind that the Govt have of late made considerable reductions in the cost of the Staff at Madras which may fairly be taken

taken as a set off against the present increase - The salary of the Collector has since 1860. been reduced from Rs 42,000 to Rs 28,000 and that of the Deputy Collector from 18,000 to Rs 7,200 the aggregate saving being Rs 23,800 -

15. The total charge for the Seafastoms Establishments of the Presidency will now amount to Rs 1,54,570 per annum being 0.04 per cent on the revenue of 1860/61 and .23 per cent on the official value of the Trade -

16. The present scheme has been very carefully considered in all its details - and it certainly is not more than sufficient

efficient and honest administration as is necessary - The Customs Revenue and Trade of the Presidency have largely increased of late years - and the cost of qualified and trustworthy Agency has also risen; yet notwithstanding these circumstances the present entire Establishments now proposed in quality costs 13,044 less by Rs 15,720 than those sanctioned two years ago -

17. The necessary provision for the proposed Establishments has been made in the Budget for 1862/3 and I am directed to request the sanction of the

the Supreme Govern=
ment for their Enter=
tainment from the
1st May next.—
