Government of Madras.

Revenue **DEPARTMENT.**

G.O. No. 899 — Press ~~Mis.~~

358

Dated 26 6 1862

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department, 26th April 1862.

No. 358. *PROCEEDINGS OF THE MADRAS GOVERNMENT.*

Dated 26th April 1862, No. 899.

1. The Inám Commissioner has reported that the operations of his Department will come to a close in the course of the official year 1862-63. It is necessary therefore that arrangements should be made within the next twelve months to provide suitable situations for the sixteen Deputy Collectors now attached to the Commission. These Officers, the Government believe, have done their duty to the Commissioner's satisfaction; from their education, character and training, there can be no doubt that they would generally prove valuable servants in the Revenue and Judicial Departments, and their past services give them a strong claim to consideration.

2. The Governor in Council resolves, therefore, to request the Board of Revenue to communicate with the Collectors and provide for as many of the Inám Deputy Collectors as they can without injustice to the claims of others.

3. The Sudder Court will also be requested, through the Judicial Department, to report whether some of these Officers cannot be employed as District Moonsiffs or Sudder Amins.

4. Mr. Taylor will furnish the Board of Revenue and the Sudder Court with lists of his Deputies, showing their services in detail, their qualifications, and the dates when each will be available for other employment.

(Signed) J. D. SIM,
Secretary to Government.
