Revenue DEPARTMENT.

G.O. No.	<i>to 9</i>	~~Press~~ Mis.
Dated	<i>13 Jan</i>	<i>1918</i>

Not to be folded or roughly handled

Remarks

- Settlements. 1. The full amount of work has been accomplished both in Salem and Melrose. The large extent in the former District is owing to much work in progress during the last and previous months having been brought to account as completed in this month.
2. The Istria party executed nearly the same amount of work in this month as in the last in the demarcation of boundaries. There is a large extent in progress under classification which will be brought to account in the Report of next month.
3. There is an improvement in the outturn of work in Hudson in this month, being 59 against 18 square miles in the previous month, which is proportionate to the limited strength at present employed in that District. The party is being gradually made up to the full strength.
4. In the Wyand the work was much impeded by sickness, seasonality of labor, and the time lost in travelling from one part of the Lake to another. There

There are 60 square miles in progress, to be hereafter brought to account. The amount of work executed in Coimbatore is proportionate to the number of Gunastas employed in that District.

5. The small outturn of work in the Salem and Godavary Districts is owing to the field establishments having been called into the office for the receipts.

6. The work in the Shistna party was impeded by heavy rains and the full number of Aumeens was not employed in the field.

7. The Wynaad party is progressing with the measurement of Coffee Estates &c and the portion of it working in Coimbatore executed a fair amount of work in proportion to the number of Aumeens employed.

8. The Nellore party is under organization and not yet made up to half of the full strength. The work was also impeded by rains.

W. H. Hall
Director of Revenue Settlements
