*Proceedings of the Madras Government, Revenue Department,
10th June 1863.*

No. 172. Read the following Proceedings of the Board of Revenue, dated 5th June 1863 :—
Read the following letter from J. FRASER, Esq., Acting Collector of North Arcot, to W.
HUDLESTON, Esq., Secretary to the Board of Revenue, Madras, dated Palamanair,
1st June 1863, No. 91.

Sir,

1. I have the honor to state that I have this day forwarded to you by banghy a basket containing 1 lb. of clean Cotton and 2 lbs. seed, the produce of some of the Piura Valley Cotton seed forwarded to me by the Board in September last.

2. What is now sent was grown in my own garden, and cleaned by hand as the quantity is small; before this process it weighed 3 lbs., so that the seed is just double the weight of the clean Cotton. The fibre separates easily, and as the Board will observe very completely, from the seeds.

3. The specimen forwarded is so in order that the Board may, if they please, ascertain its commercial value. When I return to Chittoor in a fortnight hence, I shall write all particulars as to the mode of culture which I adopted, and the number of plants from which the Cotton now forwarded was picked.

1. The Board are much obliged to Mr. Fraser for his report.

2. A specimen of the Cotton will be submitted to Government with copy of the Collector's letter, and the bulk of the sample with the letter will be forwarded to the Chamber of Commerce, with the request that they will state their opinion of its quality and estimate of its value in the market at the present date.

(A true Copy and Extract.)

(Signed) W. HUDLESTON, *Secretary.*
