

*Proceedings of the Madras Government, Revenue Department,
16th June 1863.*

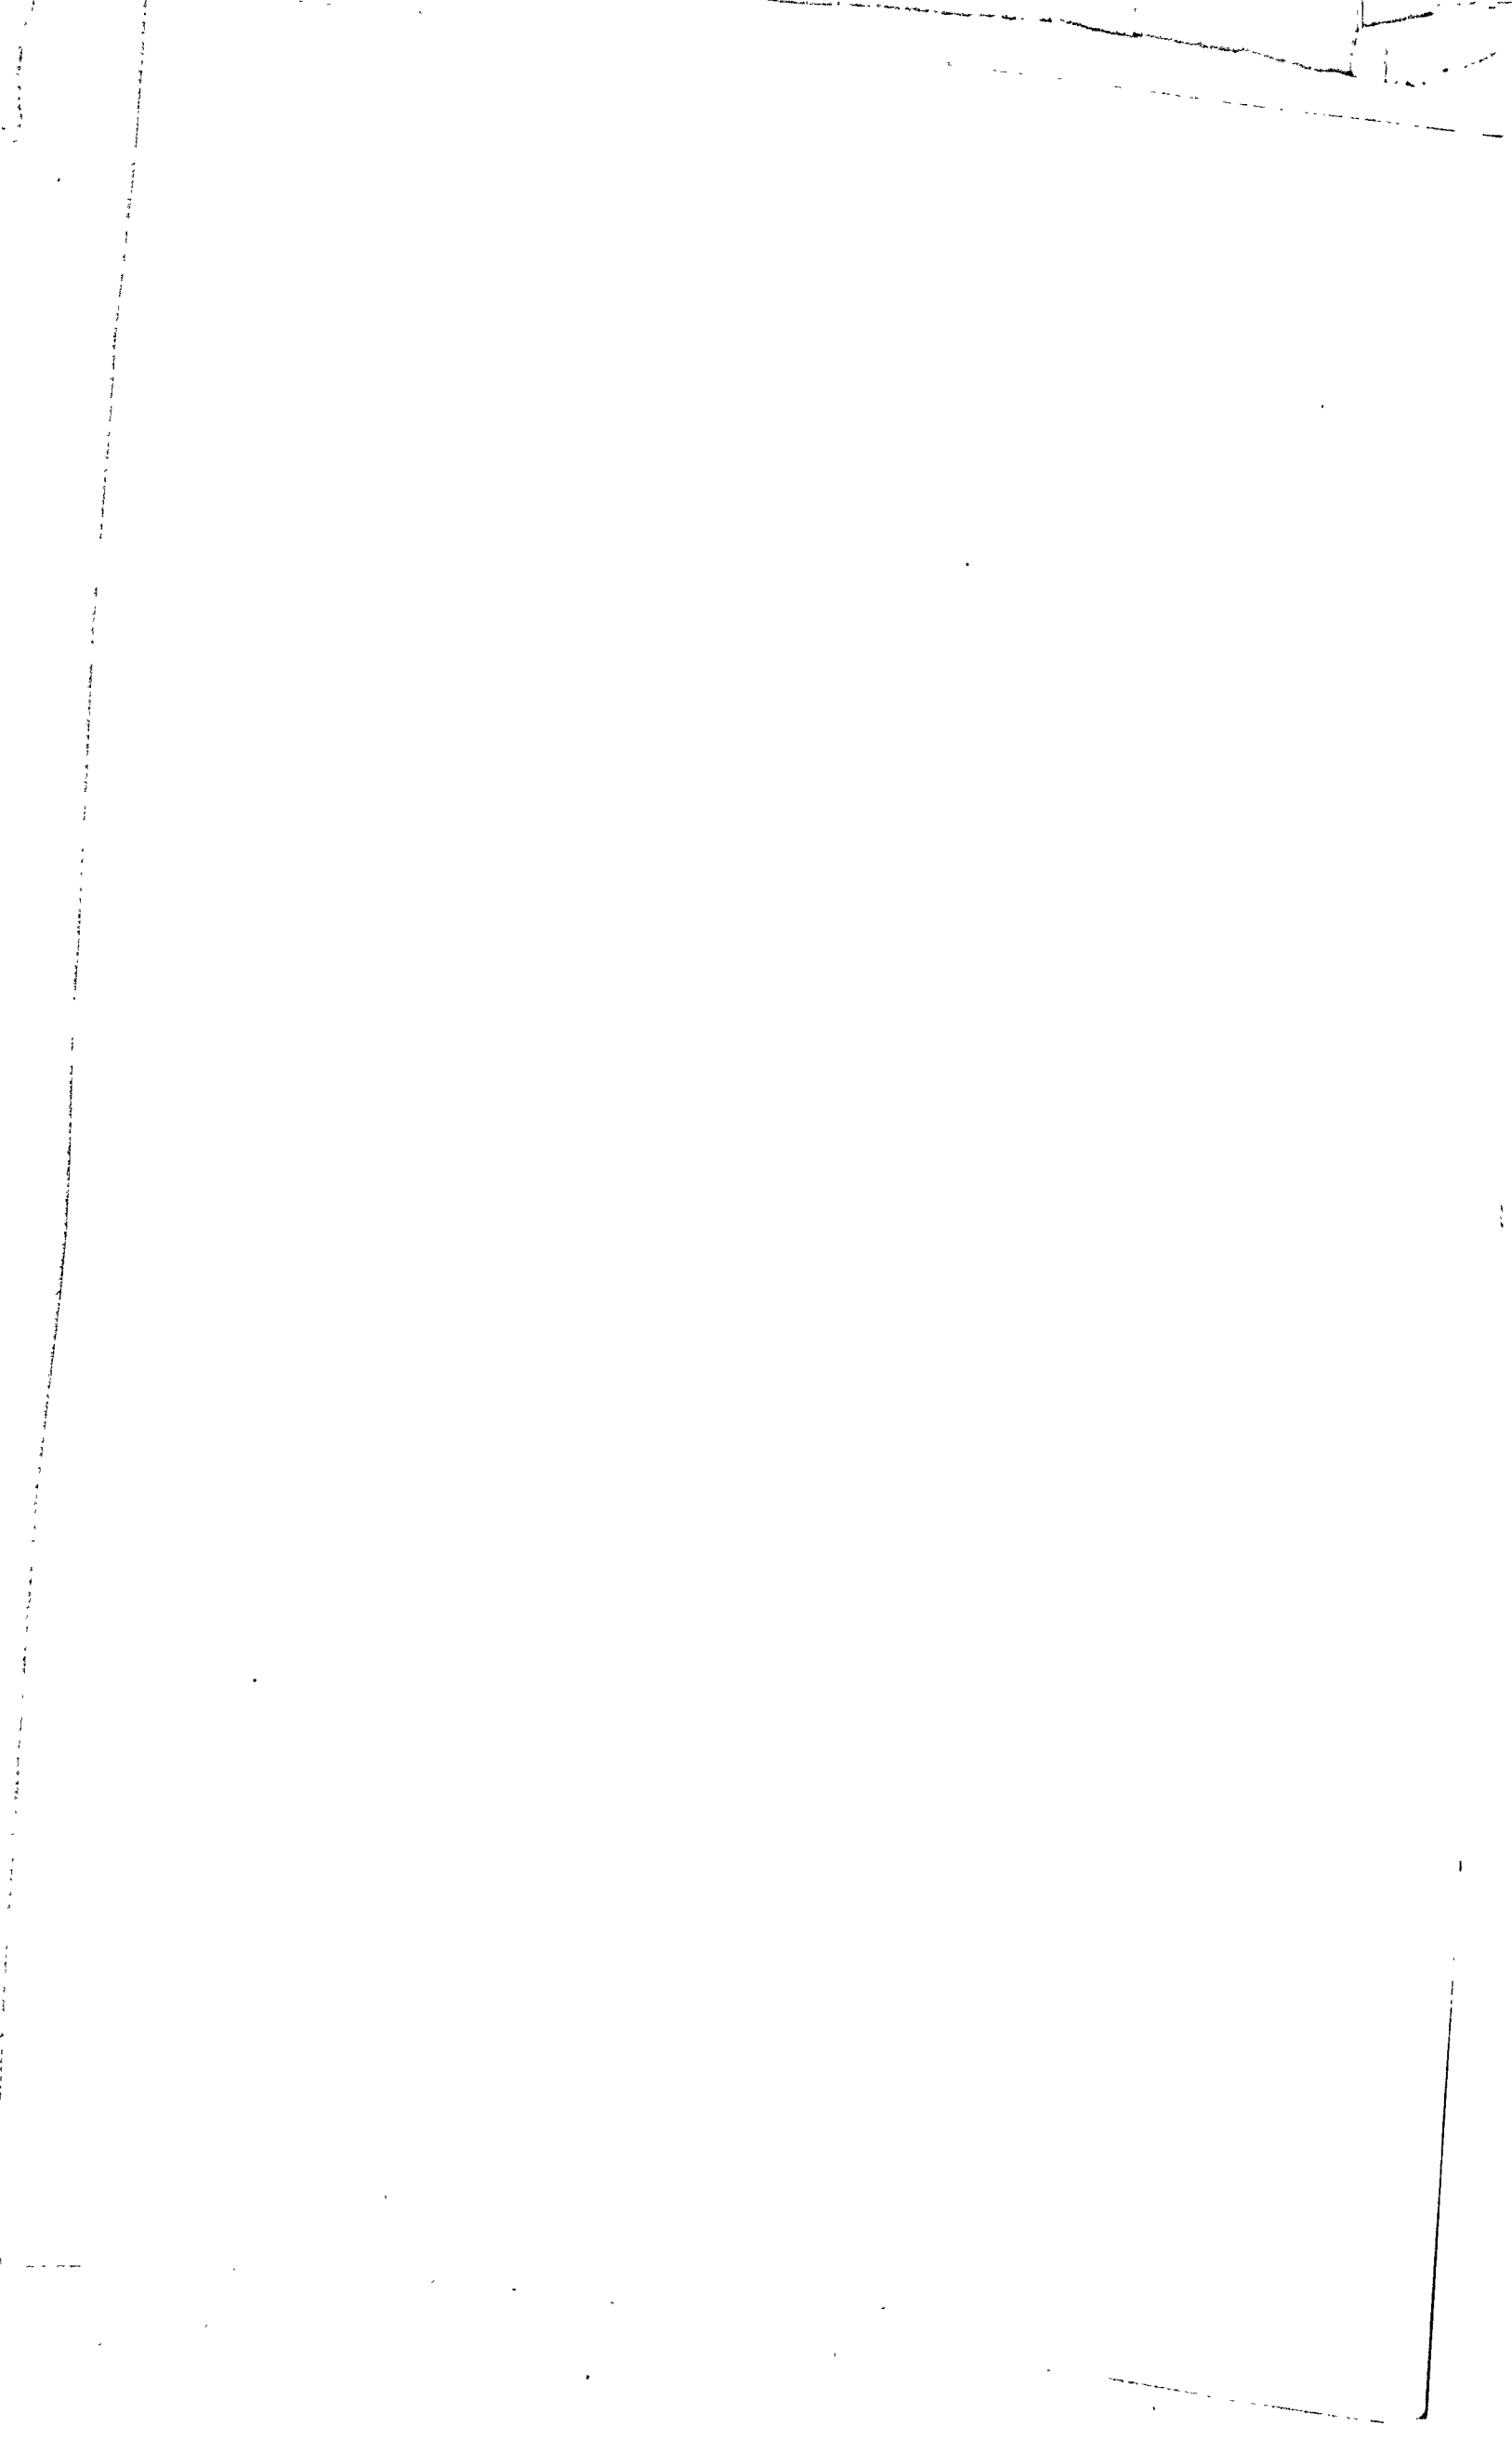

No. 239. Read the following Proceedings of the Madras Government in the Public Works Department, dated 8th June 1863, No. 1,463:—

Referring for consideration correspondence relative to the }
principles on which the net income derived from works and } (Vide Public Works Proceedings, 8th June
their present estimated value, as entered in the Statement of } 1863, Nos. 181, 182.)
Remunerative Works, are calculated.

No. 240. ORDER THEREON, 16th June 1863, No. 1,047.

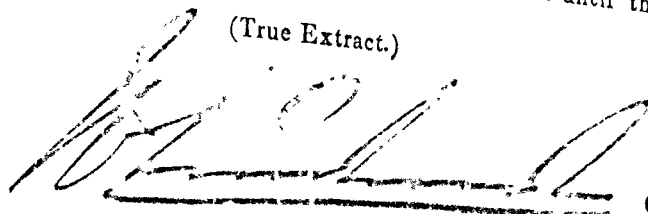

Referred to the Board of Revenue for early report. They will be furnished with a copy of the letter from the Secretary to the Government of India in the Public Works Department, dated 13th October 1862, Nos. 3,977.

(Signed) P. P. HUTCHINS,
Acting Deputy Secretary to Government.

entered in the Statement of Remunerative Works, are calculated. This information was called for by the Government of India in their Secretary's letter recorded above. As the correctness or otherwise of the method adopted in ascertaining the increase of assessment due to irrigation, and that occasioned by improved cultivation, or other causes independent of irrigation, is a matter for consideration in the Revenue Department, the papers will be referred to that Department, the submission of a report to the Government of India being deferred until the receipt of the orders of that Department.

construction or improvement, and that drawn from the irrigation of the same tract, of Country before the work was constructed or improved - such revenue being obtained. $\frac{1}{2}$ from Sudjah assessment - $\frac{2}{3}$ from Water Cess or Donyah Cultivated lands brought under irrigation - $\frac{1}{3}$ from Donyah assessment and water cess on waste dry land brought under wet cultivation.

It will be difficult to go beyond this. No doubt the result of abundant water supply is to lead to improved cultivation and cultivation of more valuable products. It acts too on the other sources of revenue, for the larger a man's profits from his cultivation the more money will be spent in salt and such feed. But it is not easy to say to what extent these results

*Proceedings of the Madras Government, Revenue Department,
15th June 1863.*

No. 237. Read the following Proceedings of the Board of Revenue, dated 19th May 1863,
No. 2,951 :—

Read again letter from the Collector of South Arcot, dated 1st April 1857, No. 62.
(In Cons. 23rd April 1857, No. 1,241.)

Read also the following letter from C. W. READE, Esq., Collector of South Arcot, to W.
HUDLESTON, Esq., Secretary to the Board of Revenue, dated Cuddalore, 29th April
1863, No. 121.

SIR,

1. In their Proceedings No. 1,266 of date the 23rd April 1857, the Board stated their willingness to recommend the grant of an endowment for a Choultry for all classes which the then Collector, Mr. Hall, reported was about to be erected at Oolundoorpet by one Rungapah Naick.— *Vide* that Officer's letter of 1st April 1857.

2. I have now the honor to inform the Board that the Choultry is completed, and has been some time in use by travellers of all classes, and I am able to testify to its very great value and convenience to the public.

3. I beg to enclose a List of the Government waste lands with full particulars, valued at a yearly revenue of Rupees 60, and which, in accordance with Mr. Hall's original recommendation, I beg to propose, may be granted to the Choultry, as a perpetual endowment, in support of the necessary charges for its maintenance.

4. The cost of erecting the Choultry in question, is estimated at 7,000 Rupees; and I agree with Mr. Hall that the institution merits the support and countenance of Government to the extent now recommended.

5. The founder of the Choultry, Rungapah Naick, desires that he may be relieved from all further charges on the land, or from Kasir, or extra water rate, should he, by that means, convert the Punjah lands into Nunjah, or in any way turn them to more profitable account. Rungapah Naick is a wealthy man, and quite able to do a great deal in this way; and, provided he does not encroach on the rights and interests of adjoining landholders, I would recommend that the lands, now apportioned as the endowment, may be made over to him unconditionally and wholly unencumbered from any prospective charges for improvements effected by the use of Government water no less than for those effected at his own cost. I think this indulgence is only reasonable and equitable, in view of the object and the very great expense incurred by Rungapah Naick, on account of this useful and charitable work.

ENCLOSURE No. 1.

ABSTRACT.—List of Government waste, and other lands, to be granted to the Choultry at Oolundoorpet.

1. Ordered that the above papers be submitted to Government, with the Board's recommendation that the proposed endowment be granted.

2. No modification of its terms would of course be made, on account of improvements effected by the grantee at his own cost; but the Board cannot support the Collector's proposal that *free* use of water *from Government sources* be allowed for the conversion of the dry lands into wet.

3. This would in fact be equivalent to a grant of *Nunjah* land of the full extent now proposed of Nunjah and Punjah combined, and would raise the endowment far above the maximum.

(Signed) W. HUDLESTON, Secretary.

No. 238. ORDER THEREON, 15th June 1863, No. 1,046.

1. Resolved that the attention of the Board of Revenue be called to their Circular, dated 25th May 1863, according to which applications for endowments for Chuttrums should be

*Proceedings of the Madras Government, Revenue Department,
15th June 1863.*

accompanied by a plan of the building showing the extent and nature of the accommodation allotted to the several classes of travellers. The Board will submit such a plan, and report whether there is already a Chuttrum for the accommodation of Native travellers within 10 miles of Rungapah Naick's Choultry on the same line of road.

2. The Government observe that the lands proposed to be assigned to the Chuttrum are situated partly in the village of Neivanai and partly in Oolundoorpet, and that 2½ Cawnies thereof though an old Manium is land actually cultivated and not waste. The Board of Revenue will be referred to the Order of Government dated 25th February 1857, No. 523, paragraph 3 (Note I, page 100 of the Board's Circular Order Book), wherein it was declared "objectionable to have grants of land, for the support of Choultries, selected from different villages," and was ruled that "in every case when an endowment may be sanctioned the land be selected in the village in which the building may be situated, and as far as it may be practicable from the unoccupied, or waste tracts in its vicinity," and they will be requested in renewing their present application to explain why this rule cannot be adhered to.

3. The Government agree with the Board in the remarks made by them in paragraphs two and three of their Proceedings.

(Signed) J. D. SIM,
Secretary to Government.

PROCEEDINGS OF THE BOARD OF REVENUE

Del 1864 May 1863.
Despatch 214
Received 220
P. 3-1863

of 1864-1865-1866

No. 2051.

Submitting with the Board's recommendation
letters from the Collector of South Arcot, recom-
mending the grant of an endowment for Charit-
ty created by one Rungapahasthulu.

1863

1863-1864

There is already a Chuttrum
for the accommodation of
Native travellers within
10 miles of Rumpah
which Chautum on the
same line of road.

2. The Govt. observe
that the lands proposed
to be assigned to the
Chuttrum are situated
partly in the village
of Keirana and partly
in Belandier and that
2 3/4 Barrios there of though
an old manure is land
actually cultivated and
not waste. The Bd. of
Roc will be referred to
the order of Sept. 8-25
Vol. 1837 p. 1528 para 3
(note I page 100 of the
Bd's O.O. Book) wherein
it was declared "objection-
able to have grants of
land, for the support
of

of Chautum, select of
different villages" and
now ^{ruled} ruled that "in every
case when an endow-
ment may be sanc-
tioned the land be
situated in the village
in which the building
may be situated, and
as far as it may be
practicable from the
unoccupied, or waste
tracts in its vicinity",
and they will be re-
quested in reviewing
their present applica-
tion to explain why
this rule cannot
be adhered to.

3. The Govt. agree
with the Board in
the remarks made
by them in paras
2 and 3 of their report.

11. If the Govt. will refer to
with 3 enclosed
