Proceedings of the Madras Government, Revenue Department, 16th June 1863.

No. 252. Read the following Proceedings of the Board of Revenue, dated 10th June 1863:—

Read the following letter from J. W. B. DYKES, Esq., Collector of Nellore, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Madras, dated Nellore, 6th June 1863, No. 172.

SIR,

1. I have the honor to acknowledge the receipt of the Board's Proceedings of the 26th ultimo, No. 3,121, and state that I yesterday examined the dyke and found it in good order throughout.

2. I was informed that Salt had formed in one or two shell pits, &c., but, with these exceptions of which good care can be taken, there has been no formation of spontaneous Salt this year; and the experiment of throwing a dyke across the Pulicat lake has therefore been successful.

3. The Board's instructions as to the proper mode of referring to Deputy Collectors shall be attended to in future, and at the end of the month I hope to do myself the honor of submitting the accounts in full and applying for sanction for the expenditure, which will be within the estimate.

Submitted for the information of Government.

(A true Copy and Extract.)

(Signed) W. HUDLESTON, *Secretary.*

No. 253. ORDER THEREON, 16th June 1863, No. 1,053.

Government will await the Collector's final report.
