PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from Captain O. W. S. CHAMBERS, R. E., Superintending Engineer 1st Division, to Colonel W. I. BIRDWOOD, R. E., Secretary to Government, Department Public Works, dated Waltair, 9th June 1863, No. 189:—

SIR,

• No. 1,248 of 18th May 1863.

1. In the supplemental grant of 10 lacs of Rupees notified in G. O. as per margin,* there is an entry allotting 6,220 Rupees for

the construction of a Taluq Cutcherry at Ramachendrapur in the Godavery District, and on this head I request information.

2. Three estimates for Taluq Cutcherries at Ramachendrapur, Amlapur and Nursapur, were submitted to the Central Office by the Acting District Engineer, Godavery, on the 28th January 1862.

3. Of these one only, that for Amlapur, was sanctioned by Government in their Order No. 2,140, of 6th September 1862; and on this work up to the first instant Rupees 773 have been expended.

4. Yet that for Ramachendrapur appears now in the supplemental list of works to be executed from the grant of 10 lacs.

5. Is this an additional sanction? Or is it a mistake in the name of the Taluq?

ORDER THEREON, 25th June 1863, No. 1,676.

Proc. dated 6th February 1863, No. 317, paragraphs 14, 15.
Do. 18th May " " 1,248, paragraph 2.

1. The Superintending Engineer 1st Divi-
sion will observe on reference to the orders as
per margin that the work referred to by him,

the Taluq Cutcherry at Ramachendrapur, was entered in the supplemental list as one of
the works which not having yet been sanctioned, could be proceeded with only after the esti-
mates have been approved. Certain information was called for regarding the Ramachendrapur

Public Works Proceedings, 7th June 1862, No. 1,293.

Taluq Cutcherry in the Revenue Depart-
ment in Proceedings dated 2nd June 1862,
No. 1,212, but the reply of the Deputy Chief

Engineer, Northern Circle, to that Order had reference only to the Amlapur Taluq Cutcherry, which
alone was, therefore, sanctioned.† Captain

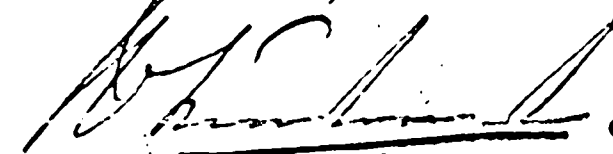

† Vide Proc. Rev. Dept., 30th Aug. 1862, No. 1,851.

Chambers will be good enough to furnish the
required information with regard to the
Cutcheries proposed at the other stations.†

† Ramachendrapur.
Nursapur.

2. The Amlapur Cutcherry is entered in the Superintending Engineer's Statement of
incomplete works up to 30th April 1863, and the question of providing funds for it will be
considered when that Statement is under disposal.
