*Proceedings of the Madras Government, Revenue Department,
4th July 1863.*

No. 76. Read the following Proceedings of the Board of Revenue, dated 26th May 1863, No. 3,121:—

Read the following letter from J. W. B. DYKES, Esq., Collector of Nellore, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Dorivaripalem, 17th April 1863, No. 107.

SIR,

1. In continuation of my letter of the 10th ultimo, I have the honor to submit the Statement of cost, called for in the Board's Proceedings of the 13th idem.

2. The Board will observe that the cost of throwing a dyke across the lake from Kariyata to Dorivaripalem has been Rupees 1,502, the average height being seven-eighths of a yard and width $1\frac{1}{2}$, total contents cubic yards 24,313 which were carried, the greater part, a distance of some 15 yards.

3. A further sum of Rupees 95 has been expended in repairing the dyke between the canal and the lake,* making the total cost of our works in the Pulicat lake to date Rupees 1,597, and leaving a balance on the estimate of Rupees 403.

4. Cumili Narayanswami, whose letter covering the account I enclose, is of opinion that the balance he now has in hand of the amount advanced to him, viz., Rupees 128, will cover the expenses of future repairs. On this point I will defer giving an opinion, till we have had some more experience of the effect of the weather on the work. Of the effect of the work itself, so far, I am able to continue to report that it is all that could be desired.

ENCLOSURE No. 1.

From C. NARAYANASAMI MUDALI, Deputy Collector in charge of Salt Department, Nellore, to J. W. B. DYKES, Esq., Collector of Nellore, dated Dorivaripalem, 17th April 1863, No. 29.

SIR,

1. With reference to your verbal orders I have the honor to submit a Statement showing the cost of construction of the dyke across the northern part of the Pulicat lake and embankments along the East Coast Canal from Sriharikota to Dugarajapatnam and northern embankments, seven in number, within the limits of the latter place.

2. I beg also to bring to your notice that out of Rupees 2,000, the sum sanctioned by Government in their Proceedings dated 7th January last, No. 16, Rupees 1,725-2-0 have been paid in advance on four* occasions. Up to the 15th instant the sum

expended is Rupees 1,593-15-11 as particularized in the above Statement, leaving a balance of Rupees 123-2-1 in hand, which will probably be sufficient to meet the expenses of future repairs. Under the present circumstance I am led to believe that Rupees 274-14-0, the difference between the sum sanctioned and that advanced, may not be required for whatever purpose in future.

(Signed) J. W. B. DYKES, Collector.

ENCLOSURE No. 2.

ABSTRACT.—Statement showing the cost of construction of the dyke across the lake and embankments along the East Coast Canal from Sriharikota to Dugarajapatnam.

1. Ordered to be submitted for the information of Government in continuation of Board's Proceedings, dated 13th March 1863.

2. The Collector will report further on the result of the work, which seems to have been very cheaply executed. The Board request that when Mr. Dykes has occasion to mention his Deputy Collector, he will use his official designation as well as, if not instead of, his private name.
