Proceedings of the Madras Government, Revenue Department, 24th July 1863.

No. 475. Read the following Proceedings of the Board of Revenue, dated 23rd July 1863 :—

1. In their Proceedings, dated 2nd June 1863, No. 941, Government desired that the estimate of Customs Revenue (Rupees 17,93,050) entered in the Budget Estimate for 1863-64 might be revised, with reference to the reduced rates of Import Duty fixed on certain articles by the Government of India in their letter of the 30th April 1863, No. 2,738. Revised estimates were accordingly called for from the Collectors of the several Maritime Districts, and the amounts estimated by them are entered in the accompanying Statement, in comparison with those already passed by Government in their Proceedings, dated 15th December 1862, No. 2,616.

2. It will be seen that notwithstanding the reduction of duty, the revised estimates received from the Collectors exceed on the whole the amount originally estimated by Rupees 71,350. This increase occurs in the Districts of Tanjore and Madura, and is attributed by the Collectors to the growing importance of trade in those Districts. In the remaining Districts, except those noted in the margin, in which no alteration is expected, a decrease in the receipts is anticipated from the operation of the reduced rates of Import Duty.

Ganjam.
Kistna.
Nellore.

3. The Board take this opportunity of informing Government that the Collectors of some Districts having exhibited in their monthly Memorandum of material changes, alterations in the estimated Income Tax Revenue in consequence of the operation of Act XXVII of 1863, by which the 4 per cent tax will be reduced from August 1863 to 3 per cent, the Board have called for revised estimates of Income Tax Revenue for 1863-64, which when received will be submitted for the information of Government.

No. 476. ORDER THEREON, 24th July 1863, No. 1,387.

The Government wish to have fuller explanation of the large increase expected in Tanjore as well as of the decrease anticipated in Madras.
