*Proceedings of the Madras Government, Revenue Department,
14th September 1863.*

No. 191. Read the following letter from Major F. J. B. PRIESTLEY, Superintendent of Revenue Survey, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Chepauk, 22nd August 1863, No. 657/29:—

SIR,

No. 1,343, paragraph 5.

1. My absence from Madras on circuit was the cause of the delay in answering the call made in Proceedings Madras Government of the 20th ultimo.

2. The excess of Rupees 20,000 disallowed under "Instruments, Lithographic Stores and Presses" from the Budget Estimate of 1863-64, pending receipt of my explanation, has arisen from the amount estimated for these items for the current official year being compared with that entered in the estimate for 1862-63 (returned for revision with G. O. dated 1st February 1862, No. 168) and not with the amount passed in Proceedings Madras Government of the 3rd May 1862, No. 939, as shown in column 6 of the estimate for 1863-64. The Statement as per margin exhibits no excess over the estimate for last year.

	RS.
Passed under the heads for 1862-63.	33,740
Estimated for 1863-64	31,000
Less	2,740

3. The increase on the total estimate pointed out in the Proceedings under reply has been occasioned by the transfer of certain items from other Departments to the debit of the Survey, to meet which provision has been made by me as explained in my letter to the Officiating Director Revenue Settlement, dated 26th March 1862, No. 315, and submitted for orders of Government by the Board of Revenue in their Proceedings of the 21st July 1862, No. 4,721. Regarding printing paper I have to explain that the substitution of symbols for colors having accelerated the work of the Lithographic Department, the consumption of paper has been increased; and the expenditure has been still further augmented by the non-supply of prepared paper, drawing paper being purchased in lieu of it from the Stores of Department Public Works, I have the honor furthermore to state that during the first quarter of the current official year the expenditure for printing paper alone has amounted to Rupees 2,500.

No. 195. ORDER THEREON, 14th September 1863, No. 1,696.

The Superintendent of Revenue Survey explains in his letter above recorded that the excess of Rupees 20,000 disallowed by the Government of India in the Budget for 1863-64, under "Instruments, Lithographic Stores and Presses," is the result of the comparison of the Budget with the original estimate, passed by this Government for 1862-63 in the Order of 1st February 1862, instead of with the revised one sanctioned in the Order of 3rd May following. But he does not point out the actual necessity for the entire sum of Rupees 31,000 in the current year. He will be requested to state what the *actual* expenditure for the Instruments and Stores in 1862-63, and during the past four months of the current year was, and to what extent further supplies will be absolutely required during the remainder of the year.
