*Proceedings of the Madras Government, Revenue Department,
24th September 1863.*

No 303. Read the following Proceedings of the Board of Revenue, dated 18th September 1863 :—

Read the following letter from Lieutenant-Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to the Secretary to the Revenue Board, dated Madras, 16th September 1863, No. 2,451 A.

SIR,

- 1 Plan.
- 1 Estimate.
- 1 Specification.

1. The rough Plan which the Board were pleased to approve with certain corrections in their Proceedings No. —, dated 29th July, for the Taluq Cutcherry at Madrantacum has now been estimated for, to be formed of the cheapest materials (*vide* Specification accompanying), but the amount cannot be brought down below 11,300 Rupees, thus :—

	RS.
For Cutcherry...	10,500
Privy and shed for Cutcherry servants	650
Open Latrine for prisoners...	150
Total.....	11,300

2. If the Board approve of this Estimate I will forward it to Government for entry in the Budget of 1864-65, unless the Board can obtain a special grant for it from any other source, and I will recommend that a duplicate sanction of a similar amount be granted for the Cutcherry at Trivelloor.

1. The Board approve the Plan and do not think that the extent of the accommodation can be reduced, if it is to meet the requirements of the case and the existing orders on the subject of subsidiary jails.

2. The charge however, is to a very considerable extent not a *revenue* one, and after allowing for the existing high range of prices, they see no reason to suppose that what is required for purely revenue purposes is at all in excess of what was universally admitted to be necessary in former years.

3. The need of a new Cutcherry at Madrantacum is so pressing that the Board do not think the work can be deferred to the next official year, if funds can be provided for a commencement in the current year, and they resolve therefore to submit the papers to Government with their recommendation that funds may be provided for commencing the work at once on such scale and plan as Government may think fit to adopt. Unless the cost is considered to be prohibitory, the Board would recommend the adoption of the plan now submitted.

No. 304.

ORDER THEREON, 24th September 1863, No. 1,752.
