MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.

G.O. No. 180 Press Mis.

356-35.

Dated 27 - 1 - 19 1853

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Depa.tment, 27th January 1863.

No. 356. Read the following letter from W. HUDLESTON, Esq., Secretary to the Board of Revenue, to J. D. SIM, Esq., Secretary to Government, Revenue Department, dated Madras, 14th November 1862, No. 7,499:—

SIR,

1. I am directed by the Board of Revenue to lay before Government their Annual Report on the operations of the District Presses during 1861-62, accompanied by the usual Statements. In Statement No. 2 the previous and current demands on account of the Press have been separately exhibited as required by Government in their Proceedings dated 23rd July 1862, No. 1,581.

2. During the year under report, Presses have been in operation in all the Districts of the Madras Presidency, and District Gazettes have been regularly issued from them.

3. Statement No. 1 shows the number of papers printed in the several Collectorate Presses with the value of the work according to the prescribed scale; the following is an abstract of it compared with the results of the preceding year 1860-61:—

	1860-61.		1861-62.		Value of work.	
	No. of Papers.	Value of work.	No. of Papers.	Value of work.	Increase.	Decrease.
		Rs.		Rs.	Rs.	
Office work...	4,723	29,862	5,600	30,506	644	.....
District Gazette	986	27,197	1,133	39,229	12,032	.....
Selections from records	6	339	19	545	206	.....
Judicial Department	510	1,796	918	2,979	1,183	.....
Other Public Offices...	700	3,571	949	5,955	2,384	.....
Private work...	442	1,335	438	2,070	735	.....
Total.....	7,367	64,100	9,057	81,284	17,184	.....

4. It will be seen from the foregoing Statement that work to the value of Rupees 81,284 was turned out by the several Presses during the past year, being Rupees 17,184 above that of 1860-61. The largest increase occurs under the head of District Gazettes, and this is chiefly attributable to the large amount of plain and tabular matter published in the Gazettes. The number of copies printed has been increased consequent on the increase in the number of Subscribers, and as the Gazettes in Vizagapatam and Kurnool were issued throughout the whole year, which was not the case in 1860-61, the Gazettes in those two Districts having been established only on the 15th September 1860 and 9th March 1861, respectively.

Ganjam.
Vizagapatam.
Godavery.
Madura.
Malabar.

5. It was only in the Districts noted in the margin that any selections from the records were printed, which is owing to the Presses and Type in Stock having been fully occupied on work for the Revenue and Income Tax, &c., Departments in some Districts. The selections printed in the Districts above named are the following; and are all valuable papers, frequently in demand for reference.

GANJAM.—Report of the Circuit Committee on the permanent Settlement of the Purla Kimedy and Teckally Estates with the Statements appertaining. } In the Press.

VIZAGAPATAM.—1. Mr. Elliot's report to Government on Inâms.

2. Mr. Alexander's report on the permanent Jumma of the 1st D. . . . of Vizagapatam.

3. Reports of Messrs. Webb and Alexander regarding the permanent settlement of the 2nd Division of Vizagapatam.

4. Board's reply to the report of Messrs. Webb and Alexander on the Jumabundy of the 2nd Division.

GODAVERY.—Sir H. Montgomery's report on the state of the Rajahmundry District in 1844, with Board's Proceedings and Government Order thereon.

MADURA.—Correspondence regarding the . . . ation of scattered trees and topes in Madura.

Selections from Public records.

MALABAR.—Major Walter's report on the Land tenure of Malabar.

6. In addition to the above selections from records, the Collector of Vizagapatam has published a Telugu translation of the Rules of Practice of the Courts of the Madras Presidency, 400 copies of this work have been printed, and it is believed that the sale will return a profit of Rupees 200 after defraying all charges. The Deputy Collector, Nursinga Row, deserves credit for his exertions in publishing this work.

7. For the Judicial and other Public Departments work to a larger extent than in any of the preceding years was executed. In paragraph 4 of their Proceedings dated 26th June 1862, No. 1,403, Government observed that the small amount of work done for the Judicial Department might be owing in some measure to delays or difficulties in getting work done, and desired the Board to ascertain from a few of the Judges whether this is the case. The Board accordingly addressed the Judges of the Districts noted in the margin, and they were informed that more work would be sent for execution, but for the delay in getting it done and for bad quality of types. The Deputy Collectors in charge of the Treasury will be directed to pay all attention to the timely and efficient execution of work received from the Courts, but the difficulty is rather with the Stock itself than with those in charge.

In Cons. 27th June 1862, No. 4,016.

Kurnool.

8. Statement No. 2 exhibits the receipts and disbursements of the Press Department. The following is a Comparative Abstract of the Demand, Collection and Balance:—

	1860-61.	1861-62.	Increase.
	RS.	RS.	RS.
Demand inclusive of the balance of previous years	14,956	22,632	7,676
Collection	11,460	16,327	4,867
Balance	3,496	6,305	2,809

9. The whole demand of the year including the previous year's outstanding balance amounted to Rupees 22,632-1-11; and the collections, viz., Rupees 16,327-0-4 being deducted, their remains a sum of Rupees 6,305-1-7 to be yet realized. The largest demand occurred as usual in the District of Malabar, the amount being Rupees 6,737; and it is chiefly owing to the large amount of work executed for public offices and for Malayalum Translator's Department. The Collector has included in the outstanding balance brought forward in May 1861, Rupees 820 as due from the Director of Public Instruction, but as the value of work done in 1860-61 for the Malayalum Translations Department, and for the Director of Public Instruction was not brought to demand in that year, the sum in question has been included in the Board's Statement in the demand of 1861-62. In Madras, North Arcot and Tinnevelly the demand is very small, and is probably owing to the comparatively less amount of work turned out by the Presses.

10. Of the outstanding balance, viz., Rupees 6,305-1-7, Rupees 2,721-3-7 appertains to Malabar, and is due by the four officers noted in the margin. The amount due from the first of these officers has been for the most part realized, and the small balance outstanding against the Director of Public Instruction has been ordered to be adjusted with reference to the Collector's letter dated 8th October 1862. The other two officers appear to have applied for the requisite sanction of Government for the charge. Of the remainder a portion has been collected since the close of the year, and measures have been adopted for the recovery of the rest.

Malayalum Translator to Government.
Director of Public Instruction.
Superintendent of Police, Calicut.
Do. of Cannanore.

11. The demand on account of subscriptions to the District Gazette amounted to Rupees 4,513 against Rupees 3,899 of the preceding year, owing to the increase in the number of subscribers. Including the previous year's balance, the demand was Rupees 4,718, of which Rupees 4,414 were collected, leaving a balance of Rupees 304 at the end of the year in a few of the Districts. The Collectors concerned are taking measures to collect it.

The gross collections during the year for work done for other Departments and individuals amounted to Rupees 16,327-0-4, and including the previous year's balance of Rupees 14,169-10-5, the whole amount collected was Rupees 30,490-10-9. The charges on account of extra establishments amounting to Rupees 12,775-7-8 being deducted, there remained at the end of the year a balance of Rupees 17,715-3-1. Under the orders of Government dated 23rd September 1862, the Collectors have been permitted to appropriate the Press earnings to the end of the current official year to the purchase of Types, and the employment of extra hands. From the next year they will limit such charges to the annual sum of 1,000 Rupees sanctioned by Government, and subscriptions to the District Gazettes, and receipts from private individuals will be carried to the credit of Government. The whole receipts and disbursements of the Presses are given in the following Abstract:—

	RS.	A.	P.
Amount taken as savings in the Revenue Establishment to meet the Press Establishment	28,869	9	11
Collections actually made for work done for other Departments and private individuals and subscriptions to the District Gazettes	16,327	0	3
	45,196	10	3
Charges.			
Cost of permanent Establishment and Sadirwarid	28,869	9	11
Purchase of Stock from general funds	309	12	4
Extra Establishment and Contingencies out of the earnings of the Press	7,306	15	5
Purchase of Stock from do.	5,468	8	3
	41,954	13	11

The result is very satisfactory. The whole cost of Establishment and Contingencies amounted to Rupees 36,176-9-4, while the value of the work done during the year amounted to no less than Rupees 81,284. It is gratifying to find that these Presses have been both useful and remunerative.

13. The Collector of Bellary, when reporting on the working of the Press, requested sanction for the purchase of a complete set of Moulds and Matrices for casting Types. The Board were at first disposed to think that these articles might advantageously be supplied to the District, as the type worn out by daily use could be restored at a trifling cost, and thus save the cost of carriage. But they have since ascertained that the cost of a complete set for casting Telugu type alone would be Rupees 2,150, and another set for English type would be required. The aggregate cost for the 19 Districts would probably be more than Rupees 50,000, and under these circumstances the Board have abandoned the idea of supplying the Districts with them, and have informed the Collector of Bellary that they cannot treat his District exceptionally.

In Cons., 27th June 1862, No. 4,016.

14. In paragraph 5 of their Proceedings dated 26th June 1862, Government called for definite information on the proposition of the Deputy Collector of Vizagapatam to create a grade of Apprentices. It appears the object was partly to train hands to assist the fixed establishment, and partly to compile rulings, Judicial and Revenue, as published in the District Gazette, and to compose them gradually at spare hours for publication in pamphlet form at the close of the year. The Board approved the employment of Apprentices as calculated to supply competent men to fill vacancies in the Press Department, and observed in their report for 1860-61 that the plan might with advantage be generally adopted. The pay of these men has hitherto been defrayed from the earnings of the Press, but will hereafter have to be met out of the Press allowance.

No. 357. ORDER THEREON, 27th January 1863, No. 180.

1. This is the report of the Board of Revenue on the working of the Collectorate Presses during 1861-62. The value of work done amounted to Rupees 81,284 against Rupees 64,100 in 1860-61. The number of papers printed was 9,057 against 7,367 in the preceding year. This result is satisfactory.

2. The Government have, however, to remark that little or nothing has been done in many Districts in printing in proper form important selections from public records. The Government deem this to be a work in which the Deputy Collectors in charge of Treasuries can make themselves very useful. Of the selections printed in Vizagapatam Nos. 3 (Reports of Messrs. Webb and Alexander regarding the permanent Settlement of the second Division of Vizagapatam) and 4 (Board's reply to those Reports) should have been printed together in one book. Papers connected with the same subject should, whenever practicable, form a neat and handy compilation with a Table of Contents and copious Index.

3. The Board have ascertained from some of the Judges that they would send more work to the Presses but for the delay in getting it done and the bad quality of type used. This state of things is not creditable to the officers in charge of the Presses. The Board will request the Judges to bring to their notice specific instances of unnecessary delay or bad execution of work if the Collectors do not take due notice of their complaints. Measures should be taken to supply good type where such is wanting.

4. The financial result of the working of the Presses is also satisfactory. The value of the work performed amounted to Rupees 81,284, while the entire expenditure did not exceed Rupees 36,176.

5. The Board have properly disallowed the proposal of the Collector of Bellary to be supplied with a complete set of Moulds and Matrices for casting type. The Collectors should be instructed to send all old and unserviceable type to the Superintendent of the Government Press at Madras, by convenient opportunities, to be recast or otherwise disposed of to the advantage of Government.

6. The payment of the Apprentices from the sum of 1,000 Rupees entered in the Budget for each Press without sufficient authority, as stated by the Board in paragraph 14 of their Proceedings, is wrong. If these Apprentices are actually required they should form a portion of the Press establishment with the sanction of the Government of India. Before passing final orders the Government deem it necessary to request the Board to place themselves in communication with all the Collectors on the subject, and to submit a report accompanied by a tabular Statement in the prescribed form. The Government are not disposed to countenance the plan unless there is a real difficulty in procuring good Printers. The compilation of "[illegible]gs" is not work suitable for the servants employed in the Press Office, and should be left to more competent agency.

Paragraph 14, Board's Report.

7. The Government are glad to find that the District Gazettes are appreciated more highly every year by the public. The number of copies subscribed for in 1860-61 was 76,833, while in 1861-62 1,39,522 were thus taken.

(Signed.) J. D. SIM,
Secretary to Government.

Revenue Department.

No. 180.

Proceedings of the Madras Government under date the 27th January 1863.

Read the following letter from the Secretary to the Board of Revenue

Submitting Annual Report on the operations of the District Presses during 1861/62

(Here enter 14th Para 62 No 74991

This is the report of the Board of Revenue on the working of the following Collectorate Presses during 1861/62

The value of work done amounted to Rs 81,284 as against Rs 64,100-0 in 1860/61

The number of papers printed was 9,057 against 7,367 in the preceding year. This result is satisfactory.

2. The Govt have however to remark that little or nothing has been done in many districts in printing in proper form important selections from public records

records. The Govt deem this to be a work in which the Deputy Collectors in charge of Treasuries can make themselves very useful. Of the selection printed in Vizagapatam No. 3 (Reports of Messrs Webb and Alexander regarding the permanent settlement of the 2d Division of Vizagapatam) and 4 (Board's Rep) to those reports should have been printed together in one book. All the Papers connected with the same subject should wherever practicable form one neat and handy compilation with a table of contents and copious index.

3. The Board have ascertained from some of the Judges that they could send more work to the Presses but for the delay in getting it done and for the bad quality of types used. This state of things is not creditable to the officers in charge of the Presses. The Board will request the Judges to bring to their notice specific instances of unnecessary delay or bad execution of work if the Collectors do not take due notice of their Complaints. Such measures should be taken to supply good type where such is wanting.

4. The financial results of the working of the Presses is also satisfactory. The value of the work performed amounted to Rupees 81,284 while the entire expenditure did not exceed Rupees 36,176.

5. The Board have properly disallowed the proposal of the Collector of Bellary to be supplied with a complete set of Moulds and Mortars for casting types. The Collector should be instructed to send all old and unserviceable type to the Superintendent of the Govt Press at Madras by convenient opportunities to be

be exported or otherwise disposed of to the advantage of Govt.

6. The payment of the apprentices from the sum of Rs. 1,000 entered in the Budget for each Press, without sufficient authority as stated by the Board in para 16 of their Pro: is wrong and requested. If apprentices are actually required they should form a portion of the Press establishment with the sanction of the Govt of India. Before passing a final order the Govt deem it necessary to request the Board to place themselves in communication with all the Collectors on the subject and to submit a further report accompanied by a tabular statement in the prescribed form. The Govt are not disposed to countenance the plan unless there is a real difficulty in procuring good printers. The compilation of "rulings" is not work suitable for the servants employed in the Press offices and should be left to more competent agency. The Govt are glad to find that the strict Gazettes are appreciated more highly every year by the public. The number of copies subscribed for in 1860/61 was 96,833, while in 1861/62 139,822 were thus taken.
