Proceedings of the Madras Government, Public Works Department, 29th September 1863.

No. 634. Read the following letter from Lieutenant-Colonel E. HEMERY, R. E., Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Cuddapah, 28th August 1863, No. 136 :—

SIR,

1. I have the honor to submit, for the approval of Government, certain changes in the executive charges of the Bellary District, rendered necessary by the late re-organization of the Department.

2 Sketch Maps.
2 Statements.

2. The present Range and Táluq boundaries do not correspond ; for instance, part of the Hospett Táluq belongs to No. 1 Range, whilst the remainder is included in No. 2 Range, and this sub-division is also the case with the Gooty and Darmaveram Táluqs ; thus we have in these three Táluqs, two Range Officers drawing money from each Táluq Treasury, and consequently two sets of accounts for each Táluq.

3. This system was possible in former days, when there were two or three Sub-Overseers in each Táluq, but it will not answer now when there is only one Overseer for the charge of a Táluq.

4. I propose, therefore, making the supervision of Military buildings at Bellary and Ramandroog a distinct charge, the sanctioned expenditure for these works being nearly a lac of Rupees, or more than one-third of the total allotment for the whole District, the other Ranges would be as follows :—

No. 2. The Bellary, Hospett, Allur and Adoni Táluqs.
No. 3. The Kudlighi, Hurinhudgally and Harpanhully Táluqs.
No. 4. The Raidroog and Darmaveram Táluqs.
No. 5. The Gooty, Anantapur and Tadpattri Táluqs.
No. 6. The Pennakonda, Hindapur and Madaksira Táluqs.

5. I enclose two statements and two sketch maps, one showing the present and the other the proposed distribution of Táluqs and Ranges.

No. 635. ORDER THEREON, 29th September 1863, No. 2,819.

For the reasons urged in the foregoing letter, the Government sanction the changes proposed in the executive charges of the Bellary District, by which the existing number of Ranges, viz., six, will remain unaltered.
