Proceedings of the Madras Government, Revenue Department,
14th October 1863.

No. 164. Read the following letter from Major G. CHESNEY, Under Secretary to the Government of India, with the Governor General, Public Works Department, to the Secretary to the Government of Madras, dated Simla, 18th September 1863, Circular No. 49:—

SIR,

1. It appears to His Excellency the Governor General of much importance that the Forest Budgets should be prepared before the Forest Officers commence their work in the forests. It is believed that October is in most parts of India the least healthy time for such work, and that this time may advantageously be devoted to the preparation of the Budget. I am therefore to ask that the Budget for 1864-65 may reach this Office by the 1st December.

As in the Revenue Budgets, there should be three columns—

1st. Actuals of 1862-63.

2nd. Revised Estimate of 1863-64, according to the actuals of the first half-year.

3rd. Estimate for 1864-65.

2. With reference to former orders, I am to say that the Budget should be accompanied by a copy of the last sanctioned scale of Establishment, and, if not yet submitted previously, by the Report on forest management for the year, of which the actuals are given. The figures appertaining to the different local divisions should be shown separate. This is mentioned, as the last British Burmah Budget was arranged, not in accordance with the working divisions of the forests, but according to the general Revenue Divisions, Pegu, Martaban, and Tenasserim, which arrangement impaired the practical value of the figures given.

3. Where, as in the instance quoted, for general financial reasons, and under the orders of the Financial Department, the quota of revenue and expenditure appertaining to other local divisions than those of the Forest Department has to be shown, this should be done in a separate statement.

4. A form, showing the classification of the headings of Revenue and Expenditure which should be followed, is enclosed.
