No. 70. Read the following Proceedings of the Board of Revenue, dated 8th October 1863, No. 6,425:—

Read the following letter from J. FRASER, Esq., Acting Collector of North Arcot, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Chittoor, 26th September 1863, No. 189.

SIR,

1. An extent of 15-1-8 Cawnies of land, assessed at Rupees 21-7-10 was taken up in Fusly 1265 in the Shrotriem village of Acheri in the Wallaja Talook, for widening the Maclean Channel, and for constructing a branch Channel from it, which irrigates lands in the Avalur, &c., villages.

2. The amount of compensation settled by arbitrators for the value of the land is Rupees 150-15-0 at the rate of Rupees 10 per Cawny, and Rupees 82-15-2 for the loss of crops, which were standing on 14-1-0 Cawnies of the land at the time the appropriation took place. The interest calculated on these two sums from the beginning of Fusly 1265 to the 30th September 1863 (Fusly 1273), being a period of eight years and three months, amounts at 5 per cent. per annum to Rupees 62-4-2 and Rupees 34-3-3 respectively.

3. From the depositions given before the Tahsildar by the Ryots who cultivated the above land, it appears that the Shrotriemdar possesses the proprietary right in the land, and it likewise appears from the deposition given by the Curnum before the same Officer that the Shrotriemdar made good to the Ryots the loss of crops sustained by them when the appropriation of the land took place. Thus the Shrotriemdar is entitled to the compensation for the land and loss of produce alluded to in paragraph 2, and the interest thereon amounting in the aggregate to Rupees 330-5-7 which I beg the Board's authority to pay to him.

4. The proportionate Jódi of the land to to be refunded to the Shrotriemdar from Fusly 1265 to Fusly 1271 amounts to Rupees 150-6-10, at the rate of Rupees 21-7-10 per Fusly, and the interest thereon calculated at 5 per cent. per annum up to 30th September 1863 (Fusly 1273) is Rupees 39-6-11 as per margin, making a total of Rupees 189-13-9. But as the Shrotriemdar has withheld payment of Rupees 24-2-5 from the Jódi of Fusly 1272, and as this sum is in excess of the proportionate Jódi to be refunded to him for that Fusly by Rupees 2-10-7, I have the honor to solicit the Board's sanction for refunding to the Shrotriemdar the amount of proportionate Jódi and interest, *minus* this excess with interest* at 12 per cent. per annum, and for writing off the accounts the demand against him for the proportionate Jódi for Fusly 1272. I also beg the Board's permission for making a permanent reduction of Rupees 21-7-10 in the Jódi of the village from Fusly 1273.

* Rupees 0-1-3 for three months from July to September 1863.

5. I regret the delay that has occurred in disposing of this claim. The accounts were in the first instance prepared by the Tahsildar and sent to my Office, and they were forwarded to the District Engineer by my predecessor in order that the measurements might be verified. After verification by the District Engineer, the accounts were sent back to the Tahsildar for the purpose of determining by arbitration the compensation to be paid for the land and loss of produce, and on their receipt from him were forwarded to the Head Assistant Collector, with a request that he would ascertain and report whether the compensation settled by arbitrators was just and

reasonable, and whether the parties concerned were willing to receive payment accordingly. This Officer furnished the required report on the 15th ultimo.

6. Provision has been made in my Budget for the payment of the compensation above referred to.
