No. 219. Read the following Proceedings of the Board of Revenue, dated 10th November 1863, No. 7,157 :—

Read the following letter from J. FRASER, Esq., Acting Collector of North Arcot, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Chittoor, 15th October 1863, No. 207.

SIR,

I have the honor, with reference to the Orders of Government, dated 1st August last, No. 1,435, communicated to me by the Board on the 5th idem, to enclose copy of a letter received from the Acting Sub-Collector, Mr. Barlow, proposing the transfer to the Forest Conservancy Department of the larger jungles in the Poloor Talook, as well as the jungles of Arasampatoo and Thellay in the Vellore Talook. Under the circumstances represented by Mr. Barlow, I beg to recommend that these jungles be placed under the Forest Conservancy Department.

ENCLOSURE No. 1.

From R. W. BARLOW, Esq., Acting Sub-Collector of North Arcot, to J. FRASER, Esq., Acting Collector of North Arcot, dated Palmanair, 5th October 1863, No. 215.

SIR,

1. In reply to your letter, No. 225, dated the 18th August last, I have the honor to observe that the larger jungles in the Poloor Talook, as well as the jungles of Arasampatoo and Thellay in the Vellore Talook might with advantage be placed under the Conservator of Forests.

2. In the jungles of Arasampatoo and Thellay besides Teak, Bamboo and Neemtree, the other valuable trees noted in the margin are said to grow.

Yegis.	Kulimaroothay, &c.	

I have never visited these jungles myself, but propose to do so very shortly.

3. The jungles of the Poloor Talook are divided into four principal tracts called the Malayalum, Moolay, Toombay, and Tamarapatu jungles; the largest of these (Moolay) is about twenty square miles in extent, and the smallest about five. The trees noted in the margin are said formerly to have grown abundantly in these jungles, but (I write only from hearsay though I hope to inspect them during the ensuing Jamabundy) owing to the extensive cuttings for Railway and other purposes, full grown trees are becoming scarce.

4. I may here observe that I have no faith in the village Conservancy, and fear that trees are recklessly cut down before reaching maturity, and no steps are taken to supply the place of those felled.

5. The receipts from even village Conservancy have been large, and I think with better supervision a much larger amount may be anticipated hereafter.

(True Copy.)

(Signed) J. FRASER, *Acting Collector.*

1. Ordered that the above papers be submitted to Government, with reference to paragraph 1 of their Order in the Revenue Department, No. 1,435, dated 1st August 1863.

2. The Board would suggest that the Conservator of Forests be requested to report on the expediency of placing the jungles in question under the management of his Department.

No. 220. ORDER THEREON, 18th November 1863, No. 2,070.

Referred to the Officiating Conservator of Forests for early report.
