Not to be folded or roughly handled

No. 313. Read the following letter from Lieutenant-Colonel H. W. HITCHINS, R. E., Superintending Engineer, 5th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Salem, 13th November 1863, No. 1,310 ;—

1 Plan.
1 Abstract Estimate.
1 Report.

SIR,

1. I have the honor to submit herewith for sanction a Plan and Estimate amounting to 3,300, Rupees for constructing a Cutcherry for the newly appointed Tahsildar of the Shevaroy Hills.

2. The Board of Revenue in their Proceedings, dated 10th November 1862, recommended that a Plan and Estimate should be prepared for such a building, and the Government in their Orders of the 27th idem, No. 2,836, were pleased to confirm it.

3. On the 2nd December 1862, the late District Engineer of Salem submitted the Plan and Estimate of a Cutcherry for the Tahsildar in the Shevaroy Hills, which were approved of by the Board of Revenue, but they were not sent on to Government by the late Deputy Chief Engineer of the Southern Circle, as the Budget for 1863-64 had been closed, and his intention of forwarding them at a later date and recommending that the Reserve of the current year should be indented on, was not carried out by me, as Superintending Engineers were prohibited from submitting Estimates for which they could not find the necessary funds within the limits of their own Division.

4. A building is rented on the Shevaroys for 35 Rupees a month, which apparently answers the purpose, and therefore I did not consider the construction of this Cutcherry as of an emergent nature, but as possibly funds can be provided for its execution in 1864-65 I have included it in my Budget for that year.

Referred to the Revenue Department.

(Signed) C. A. ORR, Colonel, R. E.,
Secretary to Government, D.P.W.
