1. I have the honor to forward for sanction and entry in the Budget of 1864-65, an Estimate of Rupees 5,132, for a Travellers' Bungalow to be built at Tanjore.

2. The Estimate has been prepared at the request of the Collector, who has proposed that the present Bungalow, which is inconveniently situated, should be sold, and a new one built near the Railway station. The Estimate is too much for a Bungalow now only two sitting rooms have been recommended. What should be secured for so large an outlay.— What does the 1st Class Bungalow of the Standard Plan cost?

For a Public Bungalow this is a large Estimate. It would be worth considering whether a smaller one could not be built. I don't think that a public bungalow can be much resorted to at Tanjore. At all events it would be better to begin by building a small one.

I forward the Estimate for a Public Bungalow at Tanjore for R5000

It might be well to build a good bungalow at Coimbatore since
