Proceedings of the Madras Government, Revenue Department, 30th January 1863.

No. 420. Read the following letter from Colonel W. I. BIRDWOOD, R. E., Chief Engineer, to the Secretary to Government, Public Works Department, dated Chepauk, 17th January 1863, No. 5,113 :—

1 Copy of Proceedings of Board of Revenue, No. 6,901, dated 16th October 1862.
1 Letter from District Engineer, Bellary, No. 266, dated 13th November 1862.
1 Abstract Estimate.
1 Plan.
1 Letter from Deputy Chief Engineer, Central Circle, No. 186, dated 8th January 1863.

SIR,

1. In October last, the Board of Revenue forwarded to this Office for transmission to Government an estimate of Rupees 658, for effecting certain alterations to the Hoozoor Cutcherry at Bellary, so as to adopt a portion of it, for the safe custody of treasure, but as the papers were unaccompanied by a plan I thought it proper to defer submitting them to Government until I had been placed in possession of that document, as well as furnished with further information regarding the work.

2. Captain Wilkieson now submits the required plan together with a corrected estimate of Rupees 620, or 38 less than the amount at first asked for. The plan is countersigned by the Collector, and as the Board of Revenue recommend the work, and the Acting District Engineer represents it to be emergently required to allow of arrangements being made for maintaining a supply of money in the Cutcherry, I request that the estimate may be sanctioned for execution this year from the Reserve Fund.

Referred to the Revenue Department.
