No. 353. Read the following Proceedings of the Board of Revenue, dated 17th November 1863, No. 7,292:—

Read the following letter from J. W. B. DYKES, Esq., Collector of Nellore, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated 29th October 1863, No. 355.

SIR,

1. Venalaganti Gopala Row, District Moonsiff of Gooty in the Bellary District, having applied to the Sub-Collector for permission to build a Choultry for the accommodation of travellers of all classes (adjoining the new line of Trunk Road No. 6 from Madras to Hyderabad and Guntoor) in the village of Razupaliem in the Kandakur Talook, and having applied for an endowment in accordance to the prescribed rules, of 60 Rupees in land, for the support of the Choultry and 20 Acres for its site, I have the honor to forward copy of a letter on the subject from the Sub-Collector setting forth all particulars as to the necessity for the proposed building, particulars as to its site, &c., and recommending the grant of the endowment applied for, and that permission may be given for the construction of the proposed Choultry.

2. The land on which the proposed Choultry is to be built is reported to be unclassified, and as the villagers of Razupaliem do not object to its construction, and it appears on the whole a worthy public benefit, I have much pleasure in supporting the Sub-Collector's recommendation, and forwarding it on for approval and sanction.

3. The extent, viz., 20 Acres applied for, for the site of the building appears excessive, and on this point, I will request the Sub-Collector to revise his recommendation.

ENCLOSURE No. 1.

From E. F. ELLIOT, Esq., Sub-Collector of Nellore, to J. W. B. DYKES, Esq., Collector of Nellore, dated Ramapatam, 1st October 1863, No. 82.

SIR,

1. I have the honor to forward herewith an Arzi, No. 171, dated 9th ultimo, from the Tahsildar of the Kandakur Talook, submitting with his recommendation for sanction, an original application from Venalaganti Vencata Gopal Row, District Moonsiff of Gooty in the Bellary District (presented to me through his Vakeel, and which was sent to the Tahsildar for report) for permission to build a Choultry, for travellers of all classes, in accordance with the plan forwarded with the Circular Order of the Board of Revenue dated 11th March 1852, and their rules dated 20th August 1829, and for the support of which he also desires an endowment in land of the value of 60 Rupees, independent of the ground required for the site of the building which he estimates at 20 Acres.

2. The site proposed for the new building is in the fields of Razupaliem, adjoining the new high road from Madras to Hyderabad and Guntoor, and is unclassified waste land, held on Pulleri Sist by Narsiah and others of that village, and is demarcated as a single number of 20 Acres in extent. The village authorities and the holders of the land in question state there is no objection to the erection of a Choultry on this land, and the latter demand an exemption from payment of the Pulleri Sist on the land, after its erection.

3. The site selected is convenient to the high road, and there is no Chuttrum for the accommodation of Native travellers within ten miles on the same line of road, beyond a water-pandal at Sengaroyacondah, about five miles distant, which cannot be considered a Chuttrum.

4. The Petitioner's father formerly erected a Choultry called Subbarayadu's Chuttrum, within the limits of Sakecherla village about 1½ mile to the east of the site now proposed, and on the old line of coast road from Madras to Hyderabad, which has fallen into disrepair, and has not been repaired by him, because of the paucity of travellers who now frequent that line of road. He therefore proposes to pull down the Subbarayadu's Chuttrum, and build in its stead, a new one for all classes at Razupaliem on the new line of road.

5. The Tahsildar further reports that Petitioner is a man of substance, and financially able to carry his proposal into effect, and that in the event of his application being allowed, and sanction for an endowment obtained, there is land available for that purpose within the limits of the village, and in the vicinity of the proposed Choultry.

6. I have myself seen the site proposed for the erection of this Choultry, and it has my entire approval and full recommendation, both from its convenience, and the other circumstances in its favor hitherto stated. I would here mention that the necessity for some accommodation of

the kind for travellers at this spot is very apparent, as observed by the Tahsildar also, on account of its being bounded on the north* and south by rivers and deep channels, which in the rainy season are often impassable for three days together and for this reason, and because there will be considerable expense in building a Choultry according to the plan proposed, I consider that such a charitable effort is well deserving of the grant of land solicited, and accordingly I beg to submit my recommendation in addition.

* North Mannur river. South Yellekeru and Chellalakalva Channel.

(True Copy.)

(Signed) J. W. B. DYKES, *Collector.*

---

1. Ordered that the above letter and its enclosure be submitted for the orders of Government with the Board's recommendation that the Collector be authorized to grant a suitable extent of land (to be first approved by the Board) as a site for the Chuttrum proposed to be constructed by Venalaganti Vencata Gopal Row.

2. Should the Chuttrum when completed be reported by the Collector to be deserving of the maximum endowment of land of the annual value of 60 Rupees, the Board will be prepared to recommend that the full grant should be made as solicited.

No. 354. ORDER THEREON, 26th November 1863, No. 2,136.

The Board's recommendation is approved.
