Proceedings of the Madras Government, Public Works Department, 23rd November 1863.

No. 525. Read the following Official Memorandum from Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Chepauk, 19 November 1863.

The Secretary in the Public Works Department begs to bring to the notice of Government that as the large sum for conservancy now ordered to be added to the cost of Public Works Establishment is intended to meet the payment of persons employed either on the management and distribution of water from Anicuts and Channels, or on the management of Locks and supervision of Canals on which all boats plying are now required to pay toils which go to General Revenue, it appears only proper that the cost of these Establishments, instead of being made a charge against Public Works, should be debited against Revenue, in the same way as the pay of Nirgunties employed in superintending and apportioning water from village Tanks and Channels. The Secretary would suggest that the Board of Revenue be called upon to examine the Lists of the Conservancy Establishments employed on Anicuts and Channels under the control of the Department of Public Works, and to report whether the whole or what portion of the cost may properly be transferred from the Public Works to the Revenue Budget.

No. 526. ORDER THEREON, 23rd November 1863, No. 3,419.

Referred to the Revenue Department.
