Proceedings of the Madras Government, Revenue Department, 30th January 1863.

No. 426. Read the following Proceedings of the Board of Revenue, dated 16th January 1863:—

Read Tabular Statement from the Collector of Madura, dated 23rd December 1862, No. 277.

(In Cons. 31st December 1862, No. 8,192.)

1. Ordered that the foregoing Tabular Statement be submitted to Government, with the Board's recommendation that the establishment applied for be sanctioned.

2. On the Telegraph Department quitting the old Travellers' Bungalow at Paumben, the Collector proposed in August last to make it over to Lieutenant Hankin, the Superintendent of the operations on the Reef, at a rent of 20 Rupees a month, as he did not think it any longer necessary to provide accommodation at Paumben for travellers; but adverting to the fact that when the Telegraph Department took possession of the building in 1859, a new Bungalow was built on the representation of the then Collector that accommodation for travellers ought to be provided at Paumben, as the intercourse between that Island and Ceylon was fast increasing, the Board were unwilling to relinquish the building, when it again became available for its original purpose by the Telegraph Department taking possession of the new Bungalow, and accordingly required the Collector to devote it to that purpose for six months at least, at the end of which time, should it appear to be no longer required for travellers, he might make a further report.

3. As three months of the period fixed by the Board have already elapsed, the Collector applies for the establishment consisting of a servant on 5 Rupees a month, for the care of the Bungalow and furniture, for the remaining three months, viz., from January to March 1863, at an aggregate expense of 15 Rupees, which he states may be met from the provision of 410 Rupees made in the Budget under "E Works of Internal Improvement and Public convenience," but as the better portion of the current month will have gone by before the sanction can reach the Collector, the Board recommend that under paragraph 43 of the Honorable E. Drummond's Financial letter, 21st June 1862, No. 4,089, the Government authorize the Collector to entertain the proposed establishment for three months from the date of the receipt of sanction.

4. The Collector will be instructed to make timely application for fresh sanction, should the trial show that accommodation for travellers is actually needed at Paumben, of which he will make a due report.

The Govt may be informed that I cannot think it would be any use

I don't think a Bungalow can be wanted — but as we have the Building, the experiment can be tried —
