FINANCIAL RAILWAY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from P. GRANT, Esq., Collector of Coimbatore; to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George, dated Coimbatore, 2nd November 1863, No. 75.

I have received Proceedings of Government and their Order thereon, dated 22nd October 1863, No. 550.

2. Immediately on receipt of Mr. Wilkinson's letter received some days before that from the Acting Consulting Engineer for Railways, orders were sent to the Coimbatore Tahsildar to proceed to the Coimbatore Railway Station, and have the nuisance complained of removed; this was accordingly done; The place was cleaned and all filth was burnt. The place has been again visited and inspected by the Tahsildar on my personal directions. It is now clean. The Railway hedge affords covert shelter to those too dirty and too lazy to go to a distance to relieve the wants of nature; but they have been warned and directed to go to a distance. The effect of these measures remains to be proved. The locality around the Railway Station is low and damp, the result is that the lower classes amongst whom disease is liable to fall at first, sleep on the damp ground and are thus pre-disposed to be affected by any malarious influence. With this of course the Magistrate cannot immediately interfere, he can advise but this is all.

ORDER THEREON, 25th November 1863 No. 626.

The Governor in Council directs that the Collector of Coimbatore will have the ground in the neighbourhood of the Railway Station frequently inspected and kept free from nuisances.

2. It is very desirable that a Choultry should be erected in the neighbourhood of the Station for the accommodation of Native travellers. Orders will be issued in the Department of Public Works for the preparation of a plan and estimate for the erection of a Choultry on a site to be selected by the Superintending Engineer, in concert with the Collector.
