IN BILL No. 8 OF 1862.

From Æ. R. McDONELL, Esq., Collector of Trichinopoly; to J. D. MAYNE, Esq., Deputy Secretary to Government, Legislative Department, Madras, dated Trichinopoly, 26th November 1862, No. 22.

As directed in para. 2 of the Board's Miscellaneous Circular No. 2,961, dated the 9th May last, I have the honor herewith to submit my observations, on the draft of the proposed new Revenue Code. I have carefully studied the Code, and find no provision in it which is not applicable to this District. I am, of course, assuming, that the new Revenue system will, at no distant period, be introduced here.

Section CLXX. Is the land, or the moveable property of the defaulter, to be first distrained, on account of arrears of Revenue? This point seems left undetermined.

Section CXC. I consider that if, at any period before the land is actually put up to auction, the defaulter tenders the full amount of arrear, the sale should be stayed.

Section CCLXI.

Pattahs.

There has been, for years, a practice in this District of allowing Pattahs to be issued in the name of one party, while others actually are in the enjoyment of the land. Collections are made from those cultivating, except in the event of an arrear occurring, when the Pattah holder is held liable—this practice is now put a stop to, but, of course, at the present moment, much land is actually in the possession of parties who have no Pattah, the same being in other persons' names. I would suggest, that a fixed time should be allowed, and the actual owners of the land required to have the Pattahs transferred to their own names either by mutual consent of the parties, or by recourse to Law.

(Signed) Æ. R. McDONELL,
Collector.

state of the weather, I am of opinion, that this deficiency will be made up before the close of the Peshamun Cultivating season - Owing to the heavy rains which fell towards the end of the November, and from the previous and subsequent rains, high freshes came down the main river the Tambraporney and other Minor rivers, and the many Tanks and Channels breached some of the Cultivation was flooded and otherwise damaged. These heavy rains not only prevented the Ryots from exctending the cultivation in last Month, but also injured the Punjah and Bagayet Crops.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from the Collector of Nellore :—

Brings again to the notice of Government the condition of Trunk Road No. 6 north of Nellore and the break in this road at the Mungamuru Valley, and, urging the necessity for immediate action in the matter, comments upon the tenor of Captain Mullins' letter of the 30th July 1862. } (Here enter 24th November 1862, No. 42.)

ORDER THEREON, 13th January 1863, No. 76.

1. Adverting to paragraphs 1 to 9 of the foregoing letter, the Government observe that the subject of taking a road across the Mungamurru basin has been disposed of in Proceedings dated 2nd instant, No. 2,877.

2. Referring to paragraphs 10 and 11 of the Collector's letter, the Governor in Council is of opinion that the remarks* of Captain Mullins' to which allusion is made, were uncalled for and objectionable. It has already been pointed out in Orders of 18th June 1862, No. 1,383, that Collectors are at liberty to comment on the "quantity and quality of work executed," and to state facts which will enable the Government to form a judgment on any point which may be submitted for consideration. But though satisfied that in the particular communication† to which Captain Mullins takes exception, there were no sufficient grounds to warrant the asperity which characterizes the 8th paragraph of Captain Mullins' letter dated 30th July 1862; the Government cannot yet refrain from noticing that the tone of that Officer's letter affords an index to a want of cordiality, and the absence of that co-operation and harmony which should subsist between the two Departments, and this state of feeling has been betrayed not only in the papers now under notice, but very evidently in portions‡ of the Collector's report dated 29th September 1862, No. 214. The Government must deprecate this spirit of antagonism to which higher than individual interests must of necessity be sacrificed.

* Paragraphs 2 and 8 of letter dated 30th July 1862, No. 111.

† Dated 16th December 1861, No. 53.
