The Secretary to the Government of India.

SIR,

1. In continuation of my letter dated 19th June 1863, No. 1,078, and in substitution of item No. 2 of the Revenue Statement of fresh charges, &c., for September 1863, forwarded on the 28th October* last, I am directed to transmit for submission to the Government of India the accompanying Tabular Statement of the temporary Survey Establishment sanctioned by this Government for the South Canara District. The correspondence† on the subject is also enclosed.

2. At the time when the Establishments required for the different Districts in this Presidency in connection with the survey of waste lands applied for under the Resolution of the Governor General came under consideration, this Government resolved‡ to give South Canara an Establishment as per margin§ at a monthly cost of Rupees 163. This was done under the impression that more than 5,000 Acres of land had been applied for under the Governor General's Resolution, and that applications for 4,000 Acres more were expected. The Collector, however, subsequently explained that his figures had reference only to lands applied for under the ordinary Darkást Rules; and that only two applications had been received under the rules for the sale of unassessed waste. At the same time, however, he urged the necessity of entertaining a Survey Establishment for the ordinary work of the District. The Talook Establishments, it was represented, were unable to "get through even the rough measurement of half the land that is applied for, and the delay "which occurs in consequence is a constant source of complaint, and is moreover preventive of the "spread of cultivation to the extent that might otherwise take place." The Collector added that "there is now a vast accumulation of applications in arrears." On these grounds, the Board strongly supported that Officer's recommendation that the sanction already accorded should not be withdrawn. At the instance of the Collector, the Board subsequently recommended a small increase to the salary of the Peons, which raised the cost of the Establishment from Rupees 163 to Rupees 167 a month.

3. The question of a standard Survey Establishment for all Districts has recently been mooted by Mr. Pelly, and has been referred to the Board for report.

4. The want in South Canara of an Establishment of the kind is emergent, and the Government have therefore sanctioned the scale proposed by the Board at a cost of Rupees 167 a month; the cost of survey being levied from applicants. This sanction will be availed of from 1st January 1864, and is limited to the close of the official year 1864-65, subject to report by the Board at the expiration of that period on the working of the Establishment.

5. I am directed to report this sanction for the confirmation of the Government of India. The charge for 1863-64 and 1864-65, I am to add, can be met out of the Budget allotment of those years for "Temporary Establishments."

I have the honor to be,
