Dated 16-12-1863

Not to be folded or roughly handled

No. 291. Read the following letter from R. A. DALYELL, Esq., Sub-Secretary to the Board of Revenue, to J. D. SIM, Esq., Secretary to Government, Revenue Department, dated Madras, 16th October 1863, No. 6,633:—

SIR,

1. I am directed by the Board of Revenue to submit their report on the operations of the Collectorate Presses during 1862-63, with the usual explanatory Statements.

2. During the year under report, Presses have been regularly at work in every District and District Gazettes have been issued in each.

3. The number of papers printed at each Collectorate Press, and the value of the work estimated according to the prescribed scale, are shown in Statement No. 1, the comparison of which with the similar return for 1861-62 gives the following results:—

	1861-62.		1862-63.		Value of work.	
	No. of papers.	Value of work.	No. of papers.	Value of work.	Increase.	Decrease.
Office work	5,600	30,506	5,883	35,519	5,013	.....
District Gazettes	1,133	39,229	1,185	46,119	6,890	.....
Selections from records ...	19	545	19	277	.....	268
Judicial Department	918	2,979	1,120	4,006	1,027	.....
Other public offices	949	5,955	700	3,257	.....	2,698
Private work	438	2,070	628	2,856	786	.....
Total ...	9,057	81,284	9,535	92,034	10,750	.....

4. It will be observed that the value of work performed at the various Presses during the past year was Rupees 92,034, being Rupees 10,750 in excess of the estimated value of the previous year's work. The increase under the head of District Gazettes is considerable, and is to be attributed generally to the increase in the number of subscribers.

5. Very few selections from District Records were printed during the year under report, but this is accounted for principally by the Presses in most Districts being fully occupied in executing the current work. The inadequacy of the Press materials is another reason why less work of this description was performed in 1862-63 than in the year 1861-62.

GANJAM.—Report of the Circuit Committee on the Permanent Settlement of the Purlah Kimedy and Teckally Estate with the Statements connected therewith.

In the Press at the close of 1861-62, but completed during the past year.

VIZAGAPATAM.—1. Principles on which the permanent Settlement with the Zemindars, &c., was proposed.

2. Report of the Special Commission and the Order of Government thereon, with the Special Commissioner's letter to the Collector concerning the Permanent Settlement of the Land Revenue of the 1st Division of the Vizagapatam District.

3. Report of the Special Commission with the Board's reply on the 3rd Division of Vizagapatam comprising Chicacole Havalies and Teckali with Purlah Kimedy Zemindary.

4. Rulings relative to the Law of Evidence, Doctrine of Inheritance, and other subjects, in English and Telugu.

GODAVERY.—Report of the Circuit Committee on the ancient Zemindaries in the Sarkars of Rajahmundry, Ellore and Condapilly, with the Statements connected with it.

In the Press.

6. In addition to the above selections, the following Vernacular Translations have been printed:—

VIZAGAPATAM, *Telugu*—1. Second Edition of the Rules of Practice of the Courts of the Madras Presidency.

2. Agency Rules.

3. New Stamp Act.

Malabar, Malayalum.—1. Index to the Penal Code.
2. Civil Rules of Practice.
3. Catechism on the Penal Code.

7. All the copies of the first edition of the Rules of Practice, published by the Deputy Collector of Vizagapatam in 1861-62, having been rapidly disposed of, it was found necessary to publish a second edition. The sale proceeds of the former amounted to Rupees 400, and it is stated that this second edition, and the "Rulings" referred to above, will realize a considerable profit. This compilation is of considerable assistance to the subordinate Officers of the Judicial and Revenue Departments, and Narasinga Row deserves much commendation for his labors.

8. The increase in the amount of work executed for the Judicial Department is satisfactory; but other Public Departments, do not appear to have availed themselves of the Press to the same extent as in the previous year.

9. Statement No. 2 exhibits the cash transactions of the Presses during the past year. In consequence of the Orders contained in the Government Proceedings dated 23rd September 1862, No. 2,067, the Press earnings ceased to be at the disposal of Collectors after the close of the past year. The Collectors were accordingly directed to provide themselves with good type and other materials where needed, out of the funds then available, but as it was found that in some Districts the funds were too limited for this purpose, and in others that they were more than was required; the deficiency in the former case was supplemented from the surplus in the latter, and to show these transactions clearly, two fresh columns have been opened in this Statement under the two heads of "Receipts" and "Charges."

10. The particulars of the Demand, Collection and Balance are shown below in comparison with those of the previous year:—

	1861-62.	1862-63	Difference.
Outstanding balance brought forward	3,496	6,291	+ 2,795
Demand of the year...	19,136	19,237	+ 101
Total.....	22,632	25,528	+ 2,896
Collections	16,327	21,539	+ 5,212
Balance.....	6,305	3,989	— 2,316

The outstanding balance at the close of 1861-62, as shown by the report for that year, was Rupees 6,305, but as this sum included Rupees 14 in the Malabar District, which was properly chargeable to the office work account, but had been erroneously debited to the Police Department, it has now been deducted from the balance, and the remainder, Rupees 6,291, has been brought forward in the above abstract as the outstanding balance at the commencement of the year under report.

11. The total current demand for the year amounted to Rupees 19,237 and though this sum is but slightly in excess of that for the previous year, there have been very considerable variations in the demands in some Districts as shown in the margin. The increase is accounted for chiefly by the larger amount of work turned out by the Presses for the Judicial Department and for private individuals, and by an increase in the number of subscribers to the District Gazette. In Nellore it is stated that the Survey Settlement and Police Departments did not employ the Press to the same extent as in previous years, and in Malabar the work executed for the Malayalum Translator was considerably less than in 1861-62. The demand in this District was nevertheless larger than in any other.

Proceedings of the Madras Government, Revenue Department,
16th December 1863.

12. Of the total demand, including the balance of the previous year amounting to Rupees 25,528, a sum of Rupees 21,539 was collected, leaving a balance of Rupees 3,989 to be realized. The Districts in which the outstanding balance was heavy are entered in the margin. The balance in the Kistna District was not collected in full within the year, as the work for which it was due was incomplete. In the remaining Districts, the balances are due chiefly from the Judicial and the Engineer Departments, and the Collectors concerned will be directed to adopt measures for recovering them.

13. The subscriptions for District Gazettes, including the previous year's balance, and subscriptions paid in advance in some Districts for the current official year, amounted, to Rupees 6,531,* against Rupees 4,713 in the preceding year. The increase is satisfactory evidence of the growing importance of these periodicals, the value of which, as containing much useful information, is becoming more fully appreciated, and has obtained for them a much wider circulation than in previous years.

Balance of previous year...	369
Subscriptions for 1862-63	5,604

14. Of the above demand Rupees 6,025 was collected within the past year, leaving a balance at its close of Rupees 506, of which Rupees 387 is in the two Districts of Kurnool and South Arcot. The amount is due from Village Officers, and it is stated that orders have been issued for collecting it without delay.

15. The actual receipts from the earnings of the Press Department during the year amounted to Rupees 21,539, or Rupees 39,254 including the previous year's cash balance. The charges incurred out of the above receipts, on account of extra Establishment and contingencies, viz., Rupees 25,455 being deducted, there remained at the end of the year a balance of Rupees 13,796 as particularized below:—

Cash balance at the end of 1861-62.

	Brought forward...	17,715	2 3
Receipts during the year on account of work done for other Departments and private individuals, and subscriptions for Gazettes		21,539	6 5
	Total....	39,254	8 8

Purchase of Stock		17,903	13 1
	Total...	25,458	5 7
Balance on hand at the end of 1862-63		13,796	3 1

16. If the cost of the permanent Establishment and Saderward, which is charged to the general revenues, is taken as a set off against the savings in the Revenue Establishment, the transactions of the Press will stand as follows:—

Amount taken as savings in the Revenue Establishment to meet the Press demands.	29,265	14 1
Collections actually made for work done for other Departments and private individuals, and subscriptions to the District Gazettes...	21,539	6 5
Total...	50,805	4 6
Charges.		
Cost of permanent Establishment and Saderward...	29,265	14 1
Purchase of stock from General Funds...	1,574	2 1
Extra Establishment and Contingencies out of the earnings of the Press ...	7,554	8 6
Purchase of stock do. do. ...	17,903	13 1
Total...	56,298	5 9

It will be observed that the cost of the entire Establishment and Contingencies amounted to Rupees 36,820, which is less than 40 per cent. of the value of work done during the past year. This result is satisfactory.

17. The purchase of stock and materials forms, it will be seen, a large item of charge, and is owing to the orders issued to the Collectors to provide themselves with the requisite supply out of the available Press earnings before carrying the surplus to the credit of the State. This was necessary in order to supply the deficiency in stock which impeded the efficient and speedy execution of work, and it is trusted that with this additional stock the Presses are now in a tolerably efficient condition.

18. Some Collectors have brought to notice the inadequacy of their present Establishments, and have suggested alterations in them. But Government having already sanctioned the permanent employment of two Apprentices in each District on a salary of 7 Rupees a month, the Board do not consider it necessary to recommend any alterations without a further trial of one year.

No. 292. ORDER THEREON, 16th December 1863, No. 2,310.

1. In this letter the Board of Revenue report upon the operations of the Collectorate Printing Presses during 1862-63.

2. The value of work done in the year was Rupees 92,034 against Rupees 81,284 in 1861-62. The increase of Rupees 10,750 is chiefly owing to a larger amount of work done under "Office Work" and "District Gazettes."

3. The Government are glad to observe that the usefulness of the District Gazette is beginning to be better appreciated than heretofore. But there is still much room for improvement; Statement No. 1 submitted by the Board shows that in several Districts* the circulation of the Gazette to private individuals is very limited. The Board will call the attention of the Collectors concerned to this fact, and desire them to take such steps as may seem desirable in the way of explaining to the people the useful nature of the periodical. It is worth while considering whether some general improvements could not be made in the arrangements and printing so as to render it more attractive.

4. The reasons given by the Board in paragraph 5 for the little progress made in most Districts in printing selections from Public Records are not satisfactory. The Board will submit with their next annual Report a list of the compilations which are ready for the Press in each District, but which cannot be printed either from the Presses being fully occupied in current work or from want of Press materials. No selection should be entered in this list till it has been carefully and completely arranged by the Deputy Collector in charge of the Treasury and approved of by the Collector.

5. The financial result of the entire working of the Presses, as shown below, is satisfactory:—

		RS.	RS.

Extra Establishment and Contingencies out of the earnings of the Press.	7,554	
Purchase of stock from do. of do.	17,904	
	——	56,298
Balance.....		13,796

The charges exceeded the income by Rupees 3,919, but this result is owing to the permission given to the Collectors to provide themselves with the requisite materials from the available surplus before carrying it to the credit of the State. This however will not be allowed again. The charges not provided for by savings in Revenue Establishments amounted to Rupees 7,554 only, while the total actual earnings were Rupees 21,539. The Presses may therefore be safely considered as self-supporting.

Proceedings of the Madras Government
Under date the 16th December 1863

Read the following letter from the Sub Secy to the Board of Revenue:

Submitting with remarks the Board's report on the operations of the Collectorate Presses in the Madras Presidency during 1862/63.

(Here enter 16 Oct 1863 No 6033)

In this letter the Board of Revenue report upon the operations of the Collectorate Printing Presses during 1862/63

2 The value of work done in the year was Rupees 29,134 against Rupees 31,284 in 1862. The increase of Rupees 10,750 is chiefly owing to larger amount of work done under "Office work" and "District Gazettes".

The Government are glad to observe that ~~with the~~ the usefulness of the ~~Press~~ organization to the better District Gazette is appreciated

The Hon

heretofore.

From ~~the Secretary~~ the Director

~~of this periodical~~ in the

there is still much

~~frequently wanting~~ room for improvement

~~very proper steps should be taken~~

~~promoting much important~~

~~information to the~~

~~people, but~~ statements so

submitted by the Board

shows that in several Dis-

tricts the circulation of the

to private individuals

Gazette is very limited.

The Board will call

the attention of the

Collectors ~~of the~~

~~city of~~ ~~during the~~

~~possible opportunity~~

explaining to the people

nature

the usefulness of the

periodical. It is worth while considering whether

some general improvements

could not be made in the

arrangements & printing

so as to render it more at-

tractive.

concerned to ~~to~~ ~~such~~ and desire them

to take such steps as

may seem desirable

in the case of

The reasons given by

the Board in para 5 ~~of their~~

~~Country letter~~ for the little

progress made in more extended

and printing selections from

Public Records are not sa-

tisfactory. The Board will

submit with their next annual

report a list of the compila-

tions which are ready for the

Press in each District but which

cannot be printed either from

the Presses being fully occu-

pied in current work or from

want of Press materials. No

selection ~~publication~~ should be entered

till

in this list it has been care-

fully and completely arranged

the Deputy Collector in

charge of the Treasury and

approved of by the Collector.

5 The Financial

Result of the entire working

6

of the Presses, ~~Such~~ as shewn
below, is ~~a~~ satisfactory.

Assets

Balance in hand at the close of 1861/62		17,715
Savings in Rev Estabt to meet the charges of the Press	29,266	
Cash collected on account of work done for other Departments and for private individuals	21,539	
Sum allowed from general funds for purchase of stock	1574	
	52,379	
Total		70,094

Liabilities

Cost of Permanent Establishment and Sadeerwarid	29,266	
Purchase of Stock from General Funds	1,574	
Extra establishment and contingencies out of the earnings of the Press	7,554	
Purchase of stock from dr of Rs	1,904	
	58,298	
Balance		13,796.

The charges exceeded the receipts by Rupees 3,919 but this excess is owing to the permission given to the Collectors to provide themselves with the requisite materials from the available surplus before carrying it to the credit of the State. ~~This expenses is ordered by~~ Pro. of 24th January 1862 No 103 para 18. " " 28th Septr — " — 2067.

~~The~~ charges ~~are~~ will not be allowed again provided for by carrying in Revenue Establishments

amounted to only Rs 7,554, ~~since~~ the total actual earnings were Rs 21,539, ~~and~~ the Presses may therefore be safely considered as ~~Local~~ self supporting.
